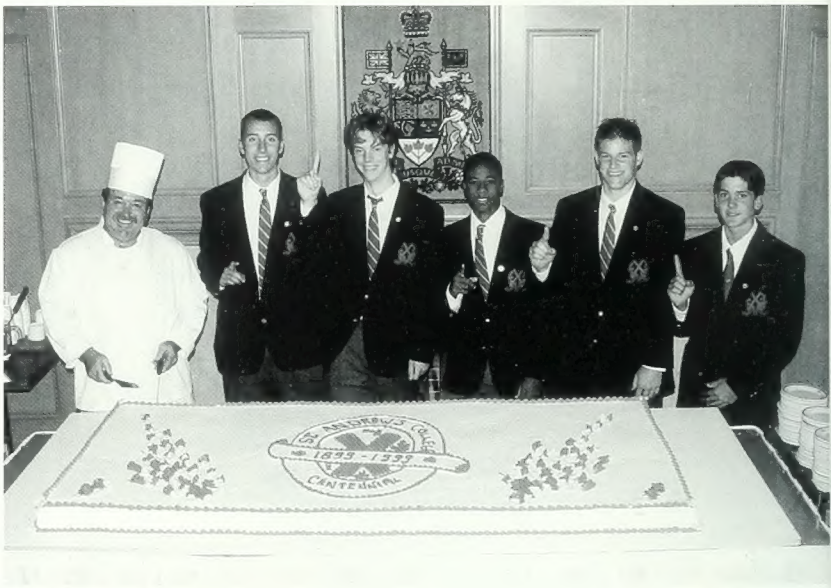
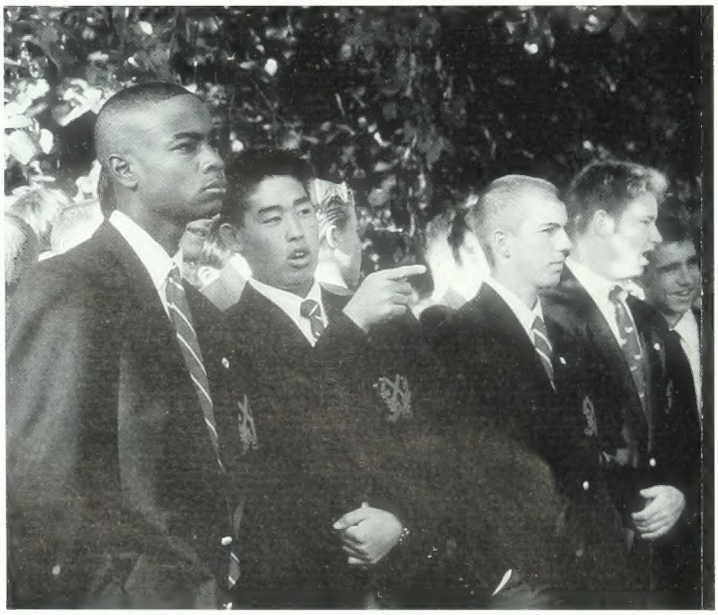
St. Andrew's College



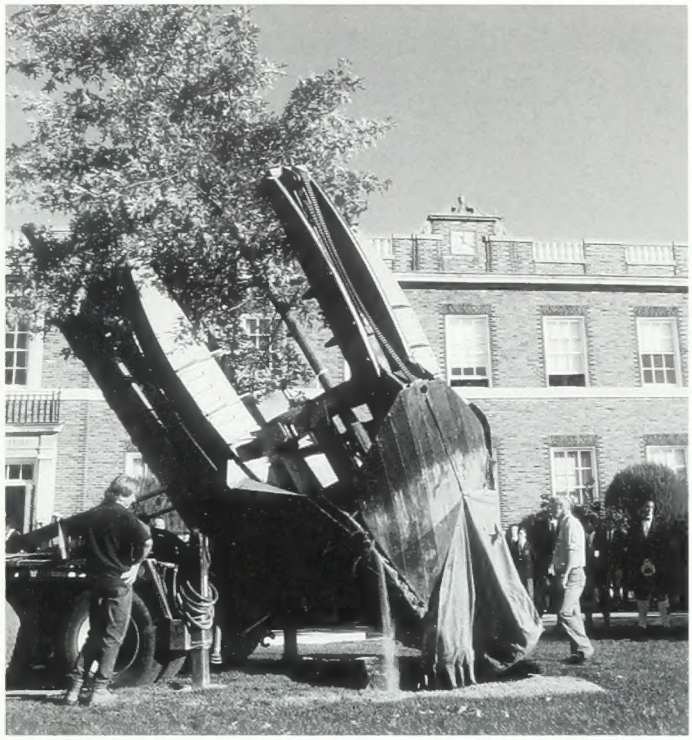
Centennial Celebrations were among the highlights of this special year at St. Andrew's College. The academic year began with a special service of tribute to past Andreans and a tree planting ceremony was held to commemorate the century.

A gala Centennial Ceilidh was held in Toronto in November and a SAC Centennial weekend in May marked our century of tradition and excellence.

Special Centennial banners flew during the year and a unique crest was struck to commemorate the year. In addition, the Towers Library



Centennial Celebrations



underwent a magnificent restoration and refurbishment and the Class of 1999 donated the gift of a clock to the library.

The year was equally a success for sports with CISAA Championship wins by: Football, Soccer, Swimming, Squash and Badminton. York Regional Championships went to rugby, badminton, hockey, Nordic ski and table tennis while 1st Hocky won silver at OFSA and 1st Basketball CISAA silver. All in all it was a super year to celebrate Centennial Pride!

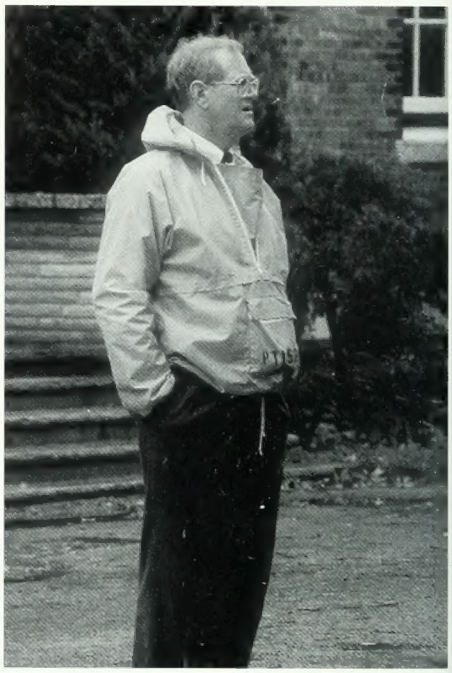
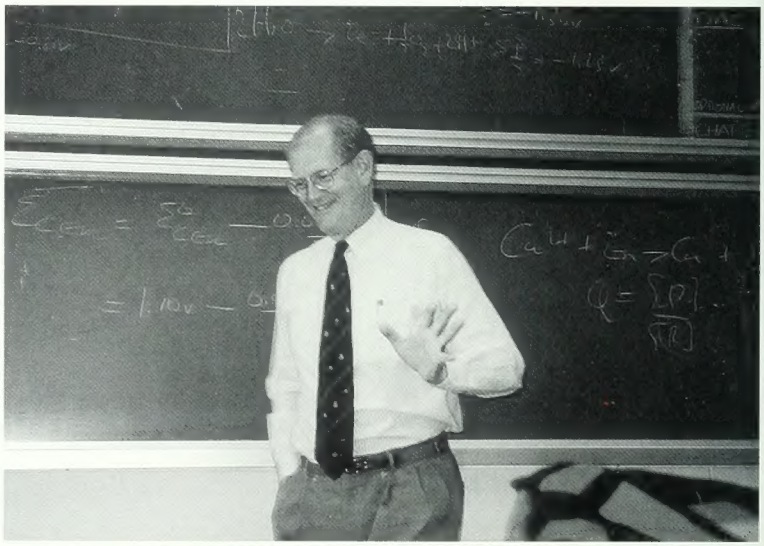
VALETE *Mr. Smith*

Mr. Geoffrey R. Smith
St. Andrew's College
1964 -1999



Thirty-five years of dedicated service - it is hard to say goodbye to a man who has been such a major force in the life of students and St. Andrew's College. Winner of the "Biafran" award (presented by the graduating students to an individual who means the most to them) more than 7 times and outstanding in his multiple roles at SAC as an assistant Headmaster, Housemaster of Memorial House, Cadet Corps Commander, coach of football, basketball, swimming, rugby, and Master of Chemistry, Mr. Smith has enjoyed the highest respect of colleagues and students alike.

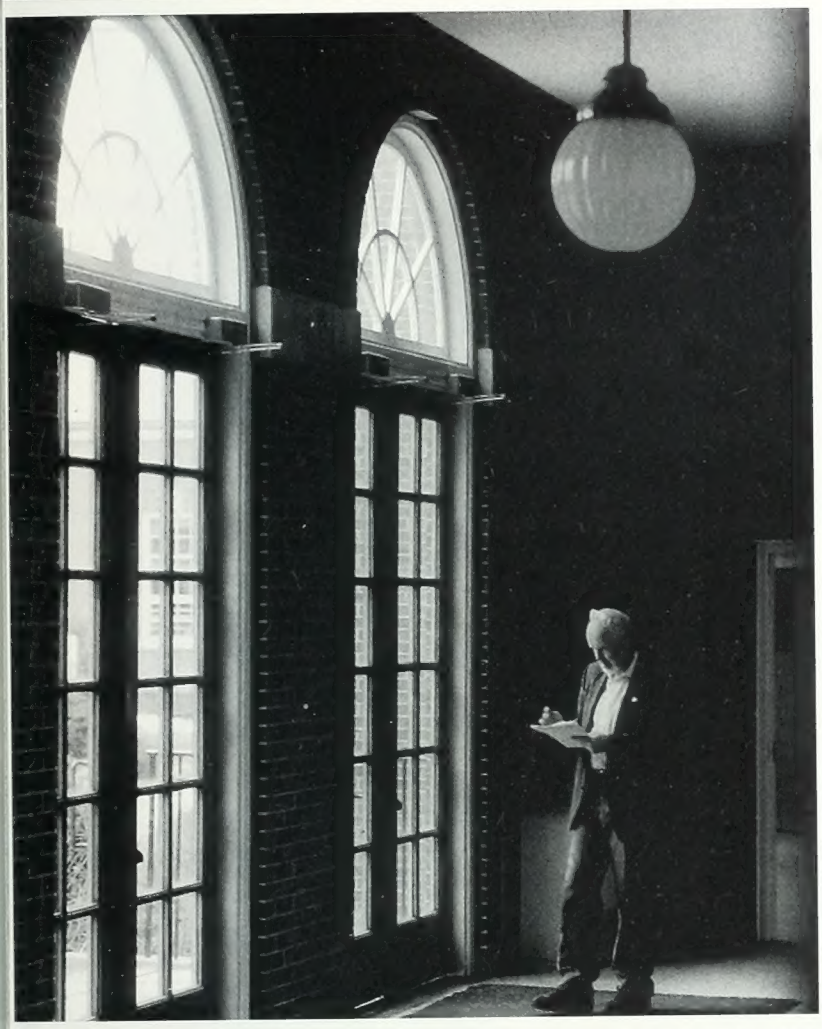


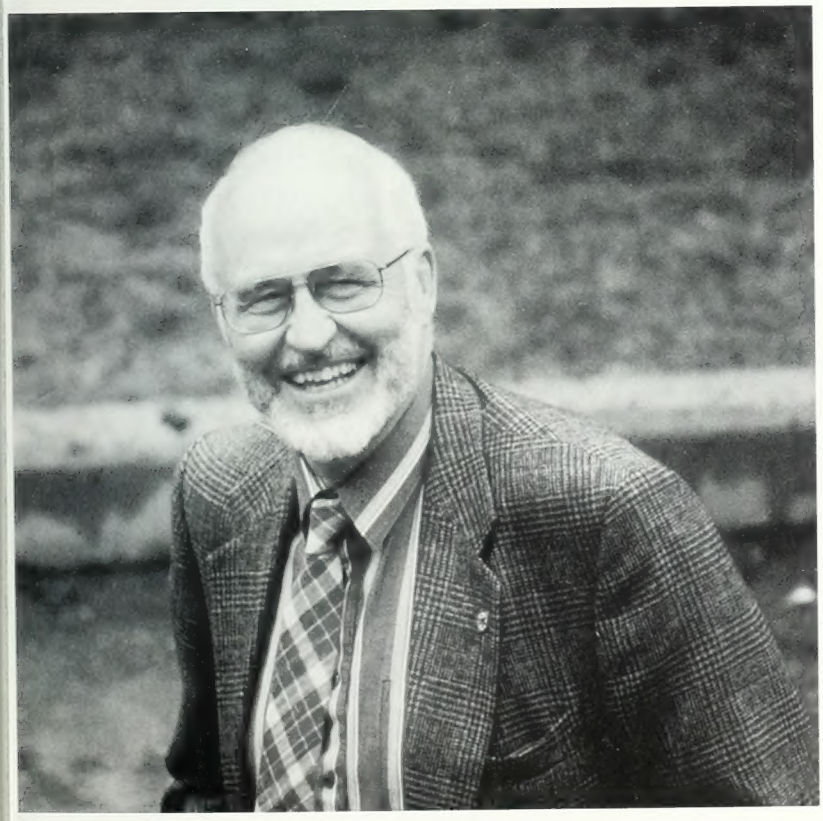
Recently, Mr. Smith was honoured by having a day-boy house named after him. This is extremely fitting for as a guide and mentor to legions of schoolboys he enjoyed a well chosen phrase or two that was good naturedly aimed at SAC Dayboys.

The warm affection with which he is remembered in the hearts of Andreans was demonstrated by the thunderous ovation he received at Prizeday. His legacy will not be forgotten.

He leaves SAC to travel to Lanciano, Italy to assume the position of Deputy Headmaster at Canadian College in Italy.

St. Andrew's College bids Mr. Smith and his wife Ginny an emotional farewell and sends best wishes for much future happiness.





Mr. David Timms
St. Andrew's College
1964 -1999

Mr. David Timms joined the faculty of St. Andrew's College in 1964. With his wife Mary and their four children, they have been members of the SAC community for over 30 years. He has been an outstanding teacher of English, an inspiring department head for the past 17 years, a motivational tennis and squash coach, a committed housemaster, first of Fourth House and then of Flavelle, and a creative director of plays, both for Focus and for the Independent Schools Drama Festival.

If you passed by his classroom you would hear comments like;

"DINNER" – You must understand it needs more DINNER. It must be rich with "DINNER"! (For the uninitiated DINNER refers to Details, Illustrations, Names, Numbers, Examples, References).

Or

When you write a chunk, you must use TOWER. Do you see? (Think, Organize, Write, Edit, Revise)

Thanks to Mr. Timms' sets of indelible essay writing rules such as these, legions of SAC graduates have excelled in university and various careers. We thank Mr. Timms, in his capacity as department head for his guardianship of the English language across the curriculum and for his devotion to the college.

Many ranks of students have walked in the door of C31 and left enriched and enlightened under his benevolent and inspiring mentorship. His wisdom, sense of humour and good fun and his dedication and loyalty to his craft and our school are the hallmarks of this wonderful teacher and much respected Andrean. Valete.

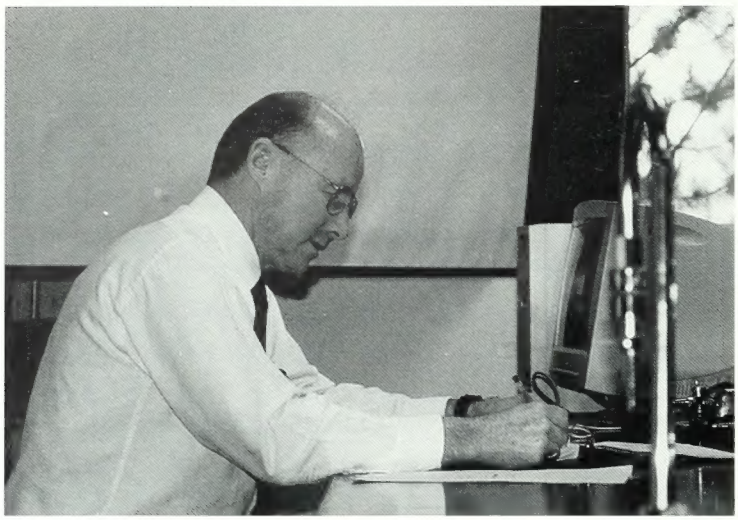
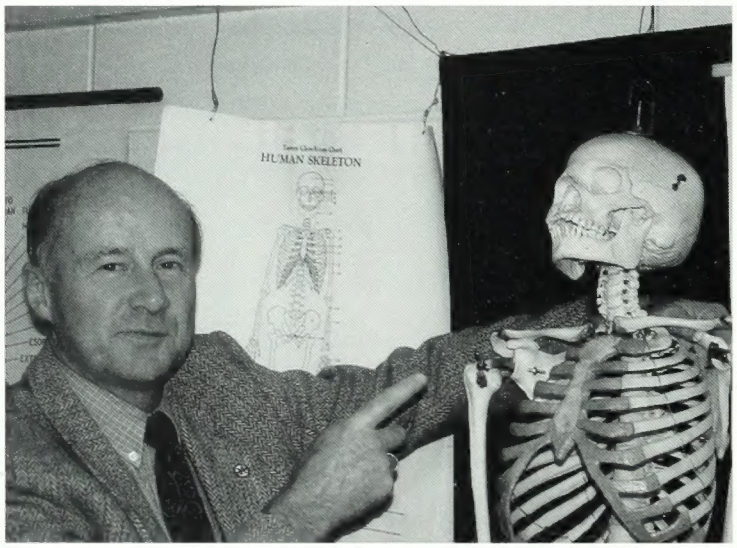
VALETE





Mr. Ron Kinney
St. Andrew's College
1965 - 1999

Mr. Kinney embodies the St. Andrew's tradition of 'Full Time Master": teacher, tutor, coach, late night and weekend house duty master. This is the type of unconditional commitment that is rarely found outside the gates of St. Andrew's. In his 34 years at SAC Mr. Kinney has touched the lives of many students. In the science classroom, students describe him as "the best teacher they ever had" as his love of biology and physiology were simply contagious. Organization was his trademark and he always strove for excellence in his lessons. He became the Head of the Science Department in 1989. A gifted athlete, he was an excellent and dedicated hockey and football coach and readily offered training tips and advice for student athletes. A dedicated family man, Mr. Kinney leaves as a true friend of the community. St. Andrew's won't be the same without him.

(SRT with files from D.G. & The Andrean)

Mrs. Doreen Hiltz
St. Andrew's College
1973 - 1999

Mrs. Hiltz started to teach at SAC twenty-six years ago. At that time she first began offering English tutoring to a few individuals. Years later she coordinated a department employing several tutors and offering several courses. Mrs. Hiltz's care, integrity, patience, empathy, humour and warmth have been the keys to the survival and success of many of our students who have developed valuable skills and become comfortable in the cultural community of St. Andrew's and beyond. By the same token, she has enlightened us about cultural and learning differences and inspired us all. As she leaves SAC to enjoy life outside our gates, she will remain forever a part of the fabric that is St. Andrew's. We send our best wishes for much happiness in life to come.

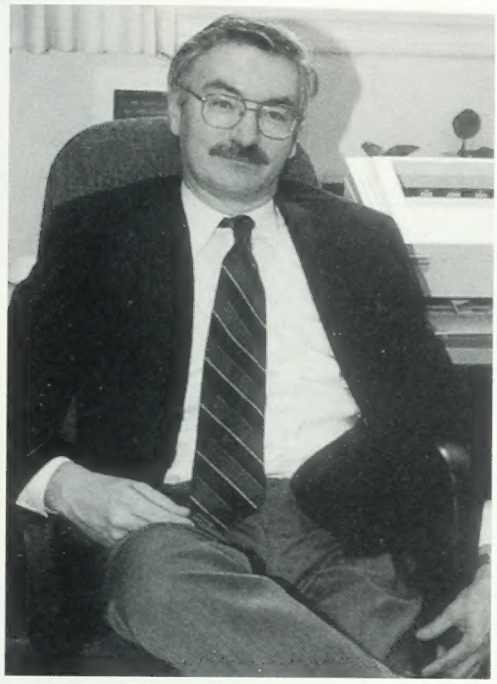
VALETE



Mr. David Whitehead
St. Andrew's College
1972 - 1999

Mr. Whitehead has been a master geographer, a resourceful teacher of all grades, an assistant housemaster of Macdonald and then housemaster of Laidlaw, and a successful tour guide of groups of Andreans at home and abroad. Mr. Whitehead was friend and mentor to countless Andreans over more than a quarter of a century. Few will forget his high standards, his sense of humour, his keen interest in luxury automobiles and fine photography, his love of exotic travel and his warm interest in all things Andrean.

He was a tireless advocate of fair play and cheerful participation in countless intramural and house league activities, and in competition he always rooted for Robertson, his favourite clan. He was an advisor for a series of excellent yearbooks and sponsored many clubs. He maintained the beautiful fish tanks in McLaughlin Hall and during one period of time kept a piranha in his classroom which the junior scientists loved to feed! Mr. Whitehead worked hard to make S.A.C. a better school. He has accepted an appointment to be Principal of Fernhill, an independent day school in Ottawa. We wish him happiness and success in his personal life and in his career in education. Valete!

(R.J.R.)

Mr. Stephen Harper
St. Andrew's College
1987 - 1999

After many years of dedicated service to St. Andrew's College we bid farewell to Mr. Harper. His passion for history, in particular Canadian Maritime history, and his enthusiasm in the classroom will be fondly missed. Mr. Harper's interests in choral music and his coaching skills in rugby and soccer added greatly to school life Our best wishes go with him as he continues to pursue his career in education beyond the gates of the College. We appreciated his friendship and benefitted greatly from his classroom guidance.

Seven Year Andreans

SAC is proud to honour its seven year veterans! Hats off to these Andreans who hung in for the count! Imagine - 7 years! They arrived as small school children; wide-eyed and still wet behind the ears; in some cases with tears and great anxiety as they left parents and homes behind. St. Andrew's became their home away from home. SAC's masters and staff were surrogate parents. Now they are ready to leave as confident and independent leaders. Certainly, there have been ups and downs, good times and difficult times, academic challenges and many wonderful opportunities to grow and develop in so many ways. They have made lasting friendships, strengthened and developed their characters and learned those classroom skills to carry them on to further academic success. They are Andreans.

Comments:
It is important in a person's life to experience a variety of challenging obstacles that make you not only a stronger but better human being. St. Andrews provides each student with the tools needed to go out in the world and face these obstacles to the best of their ability, which is what really counts. Any student can work hard enough to pull off the high marks but without the skills of life knowledge is useless. When you enter St. Andrews you are taught these skills and for this I thank all those involved starting with the one's responsible for providing me with the chance to learn these skills, my parents. Supporting a child in all his or her decisions is not an easy task but it is a task the two of them made appear simple and for that I will always love them. When you try something new it is always hard to try to adjust and eliminate the old. An important change in my life was to come to St. Andrews. This was a change that seemed to come pretty fast and easily. It's simple to adjust when you're in an atmosphere that won't have it any other way. Unfortunately in life you always have regrets, in my time at St. Andrews I realized my regrets were that I didn't come earlier. Enjoy it while you can boys cause pretty soon we all have to leave and give the real world a try. One thing I have learnt is that a day without Sunshine is not complete. Love always to my family and of course Sunshine.

Adam Bradley
House: Ramsey

Adam joined us in Grade 7 so he is a charter member of the 7 year Club. He was an officer in the Cadet Corps, earned his Gold Star qualifications and was a permanent fixture in the library. Adam made his life interesting for his advisor, Mr. Hanson. Next year will find him at University studying Business Administration.

George Brown
House: Memorial

George was a Prefect: Head of Memorial House, an officer this year in the Cadet Corps, and a member of 1st Football, 1st Squash and 1st Golf the past two seasons. He graduates as an Ontario Scholar and as a St. Andrew's Scholar. George has accepted an offer from Davidson in North Carolina but wonders if he really has to install a gun rack in his new Jeep to be accepted by his classmates.

Comment: Although my stay at SAC has only been a short 2 years, graduating and leaving will be a hard thing to do. I would like to thank all the people that have taught or helped me in SAC. Nancy, who keeps my room nice and clean once every week. My advisor, Ms. Venters, who was there whenever I needed support. Mr. Smith, who helped me through the University admissions process even though that was not his job. Mr. and Mrs. Perrier, who had to send me to bed every night and wake me up every morning. I also want to thank my mother and father – for sending me to SAC instead of UCC! If not for this decision, I do not know what I would be doing in Hong Kong. Thanks go to Alvin, for getting me all those blind dates for the semi-formal's. Chester – with the same obsession to increase the vertical jump height as me. Also my deepest gratitude and friendship for Wyai, Danny, Johnny, Garvin, Ming, Benson, Joey, Jordan, Armand, Alan, Colin, Justin and finally, Shiao-Kang who let me insult him everyday.

Stephen Chee
House: Smith

Stephen came to SAC last year doing a split Grade 11/12 program and moved on into Grade 13 this year. He graduates as an Ontario Scholar and as a St. Andrew's Scholar. Besides focusing on being admitted to Enviornmental Engineering at Waterloo, which he accomplished, he also immersed himself in myriad College activities. He was involved in X-C. Running, Squash, Tennis Pipes & Drums as a tenor drummer, and with the Year Book. He also earned an AP credit while in Grade 10 while attending school in the U.S.

Comment: SAC changed my life. Changes such as behaviour, discipline, and education. Sports played a good part in the years at St. Andrew's. One of my dreams was fullfilled here. And that is to become a Varsity Basketball Player. But most important of all, I learned that something in St. Andrew's provides a better life for its Andreans. And that is experience. Boarding in SAC is not an ordinary place for anyone. I've seen and done good and bad things while boarding. If I had an opportunity to come back and lecture future SAC students and give out advice, this would be the best one: "give yourself confidence in everything there is to try. Regardless of the results, feel proud in the end."

Comments: When I found out that I was going to be attending SAC, a private boys school in Aurora, I wasn't too excited about the idea. SAC seemingly changed my life. I came back to Toronto and knew no one. In the course of two months at this school I made friends and was well on my way with school life. I even got a nickname; something not everyone has the honour of - 'Squeeler' I became. Last year was a transition stage. This year I made great friendship advances and had a great academic and overall year, I owe it all to the community of St Andrew's. I thank Mom and Dad for allowing me to experience St. Andrew's and for all their support in all my decisions. Thanks to the Masters for not being the ordinary high school teacher, but for being friends. In no particular order thanks to: Rogers, Wett and Khaz - Force be with you all! Thorne, Bradley and Palmer; you have the most unique tastes in conversation. Tuzi, the weirdest Italian to ever walk the halls of Dunlap, thanks for the rides. Team action, too bad, I wasn't on your side. Pitkin, Hew, Leung, Reid, Henry, the Calculus / Finite Team. It's been great, keep in touch. Thank you SAC, I will return!

Now, on Prize Day, I am sure reluctant to leave. St. Andrew's has been my home and nursery. I have grown up here and it has developed who I am. First most, I must thank my parents who took me off the island and introduced me into a different life. I now realize the several sacrifices made in order to send me here. I also especially thank you Mr. Staunton and Mrs. Perrier for believing in me and for the many second chances you both gave me. Mr. Whitehead a special thanks to you, as you've been there from the beginning as not only my tutor but as a good friend. To all my boys who been there from small… Fish, Newton, George, Dudley, Joe, Goody, Macphee, Colin, Sands, Sleem, Styles, Pete, and Yoshi… ya'll have had an impact on my life and I will never forget you. Cachelle, I will always hold a special place for you in my heart. Bigups to the next OAC class… Blair take care of my house, Sinclair, stay out of trouble. Amell, don't ever change, you're the ideal SAC OAC. Smiley and Smokey, you two are a dying breed, you two must now lead what's left of the islander posse.

Insights are important, but they do not really accomplish the task at hand, which is to thank the people who have made my high-school career possible, and those who have made it enjoyable. Thanks to my parents: SAC is truly an incredible opportunity, and I am forever in debt – Dad and Lorraine, Mom and Peter: every one of you has made this possible, and I love you all. Mike, your imagination and creativity is inspiring. Lindsay: best of luck, but you best be getting up to GB for the next few summers. Champ, as always: bushels and bushels. Mr. Smith, you never failed to inspire me, or kick me in the ass when I needed it. Thanks to Mr. Arril, Mrs. Bell, Mr. Galajda, Mr. Myrans, Mr. Scoular, Mr. Service, Mr. Walden, and Dunf (for his patience with Phish and I). Mr. and Mrs. Perrier, you are wonderful parents; thank you. Mr. Frederic Kane and the SAC Association, your confidence and generosity have given birth to the realization that I am capable of being something. Most of all, thank-you: Christie, Colin, Dudley, Ernie, George, Jamie, Joe, Mark, Newton, Ollie, Omar, Paul, Pete, Phish, Rob, and even Styling. It's been fun. I hope to see you all at Hickfest 2000.

I was fortunate to have had the opportunity to study here. Boarding at SAC helped me become more independent, but none of this could have happened without my parents for making many sacrifices. Secondly, I am very thankful to M. Foy, because without him, I would not have heard about this institution. M. Cameron has been more than a French teacher and a Football coach to me. When I had my neck injury last spring (playing rugby) and I had to go see the doctor for treatments, Michel volunteered everytime to drive me down at the hospital, regardless of if he had classes or not. I am very grateful toward M. Giel for those endless hours waited in the emergency by my side. And for those afternoons playing "pichenottes" to kill time. And the health center crew:(Susan Roncardin, Helen Younder and Carol Kudelka) who treated me like a king during my recovery period. I find that every school or most of the schools have sports programs, drama clubs, music; but not all the schools have interaction between the staff and the students like St. Andrew's does. I came to that conclusion by spending most of my free classes in M. Kinney's classroom, talking about life or universities. Or spending evenings discussing about politics with M. Jones, in the Flavelle common room. Championships can be won, plays can be performed in any school but one thing that every Andrean should take advantage of is interacting with teachers.

I've hit the end of the road, and look forward to the challenges ahead. For five years I have called this my home and the memories I have are unforgettable. I thank my parents - Dad, you have worked hard to get where you are today and I hope I can reach the same in my lifetime. Mom, thanks for keeping me and my friends in line over the years and for always being there for me. Jordan, I hope I've been a good influence over the years and stay out of trouble. Enjoy the days you spend here because your time will fly by. My greatest thanks to Mr. Smith for making my days at S.A.C. eventful and full of challenges. You were always keeping me on my toes. I could always count on you for advice and a helping hand. To Mr. Swan, I thank you for making my Rugby days a great experience and something I will cherish. Geography was the one class I most enjoyed coming to. I want to thank Mr. Cameron for believing in me and ending my three great years with a championship. Your dedication and hard work was the driving force for our team's success and great inspiration. To my friends, I'll always remember the great times we had. Many crazy nights and stories to tell. We are going our own ways, but our roads are bound to cross in the future. To everyone travelling east, let the good times continue.

I'm sitting in the lab that I sat in for the past four years and am writing what could be the last important thing I write in the lab. It's a very weird feeling. Anyway's, I have been at this school for four years and have done a lot. I came to the school in grade nine known as little Dyson, but I leave here not known as little Dyson, but as Dyson. I am not really sure what to write in here, because it's hard to express my feelings about this place on paper, but I'll try. I entered the gates as a boy and I will leave here as a man. I have met many friends inside these gates that I will cherish for the rest of my life,. Surprisingly I have also met a lot of girls, although I have not befriended many of them, they taught me a lot, like how to treat girls properly. Thank you's go out to all of the many teachers and staff here that have helped me out and set me on the right track, especially Mr smith, thanks for keeping me from falling off the path. To Mr. Staunton, I know that I may have been a rotten apple at some sporting venues this year,but I appreciate your understanding and patience with me. To Mr. Scoular, I want to thank you for introducing me to acting, it has opened up my mind and given me something that I can do and also enjoy. To all of my friends, you know who you are, I hope to keep in touch. To all of those that I did not get along with, I'll miss you guys too. Take care. **"To live long is almost everyone's wish, but to live well is the ambition of a few." J. HUGHES**

I feel that my time spent at SAC has been like a bridge: In grade seven I put a faltering first footstep on this bridge, and I'll take my final confident step from it this year as I graduate. Sometimes this bridge was solid under my feet, and sometimes rickety: I wasn't always sure if I'd make my journey across it a success. Each time I thought the bridge might crumble and fall away beneath my feet, I found new support keeping my journey continuous: teachers and friends alike have been my mainstay. Now that I'm graduating, and taking my final steps, I can't imagine having spent my high school years elsewhere. St. Andrew's took me, in my raw form, and molded me into a complete individual. I've been given so many second-chances, so many pardons, and so much love here that I simply can't even begin to express it in words; I've been given infinite opportunities to develop all aspects of my character. Above all, I'll never forget the tremendous sacrifices that my parents have made in order to send me here. The support from my parents and my kid sister, Leslie, have done more to ensure my success at St. Andrew's than anything else.

Only time will tell if his time at St. Andrew's has prepared Jason for his life's ambition, which is to be Tommy Hilfiger's ambassador to the islands of the Caribbean. While at the College, Jason has been involved in Cricket as a member of the Cricket 1st XI and he also played some rugby. Active in Cadets, Jason was a platoon sergeant this year. He has been accepted at St. Thomas University, but is not totally sure that he wants to be a Maritimer. He is probably going to pursue International Relations at the University of Windsor.

In six busy years, one learns countless lessons in a community such as SAC; not only in the classroom, but also on the sports fields, stage, and benders. My advice to upcoming Andreans is to always keep positive, go the distance and your goals will be achieved. The most important thing is to keep all the traditions going. My foremost thank-you goes to Nana for your continuous support. I don't know where I'd be without your backing. Mom, thanks for having faith in me and encouraging me in all my choices. You're the best. Chris- we're like night and day, but hey. Keep doing well. To Dad and Kathy, I owe you recognition for ongoing virtue towards me. My gratitude to Mr. William Scoular, Thanks for belileving in me and sharing your brilliance. Thanks also to Mark Service. Thanks to my several coaches. I owe a thank you to Mr. Smith for being on my back - best of luck. To my buddies, keep in touch; you know who you are. You guys made this the best six years. We still have more to come. St. Andrew's College is a special place. My recollections will live on for eternity. Thanks for the best six years of my life. I gave my blood, sweat and tears, and will take my 'SAC Pride Forever' to my ultimate destination…Later, Goody.

My first visit through the gates of S.A.C. was in grade eight. At first I felt rather uncomfortable in this new environment, but I always remained confident. I started to come out of my shell when Mr. Scoular got me involved in Drama in grade ten. I never knew the joys of acting until I had that feeling of being on stage, in control, and having all eyes focused on me. I will be attending the American Academy of Dramatic Arts in Hollywood, California next year. I feel that I have learned some of my most important lessons on the sports field…leadership, teamwork, self control and how to put all of your heart into something that you really want. I owe thanks, above anything else to my family. My Mom Brenda, my Dad Graham, my Grandparents Robert and Dianne, my brother Bryan, and my sister Lisa. They have all been so supportive throughout my career here, and I owe the world to all of them. Thank-you for making the last five years of my life the best so far, hopefully the next five will be even better! Exeunt, Finis **"Look at your goals, and look at your behaviour. Seven years in one place is a long time, but my stay at St. Andrew's has finally come to an end. One third of my life has been spent within these walls, and I would be lying if I said that it hasn't been a long hard ride, but in the end it was worth it. St. Andrew's is about more than just sports and academics. St. Andrew's is about life, friendships and success. Thanks to all my friends (BH, AL, RL, + the rest of the guys) for making my stay at SAC memorable - I will never forget you. Most of all, thanks Mom for making sure I had the best of everything, including an education at SAC.

At St. Andrew's, great things come only after great effort and the busier you are, the more time you have to do things. The mark of a good institution is that the graduates are prepared to move on in life and are happy to be leaving. S.A.C. certainly falls under that category. Clearly, my extraordinary time here was not possible without the help of many extraordinary people. First and foremost, my family for always supporting me; and second, the faculty and staff for teaching me just as much in the classroom as 'on the field.' I am grateful to everyone for putting up with me for these last seven years. If it were up to me, I would give the Biafran award to at least half of the faculty and staff of St. Andrew's because they put in more time than we realize. In the future, if you asked me to relate specific events at S.A.C., I most likely will not be able to describe them, except that, you had to be here.

A chapter in my life comes to a close. My career at SAC has been one with fun, agony, pain, sarcasm, torture and many good times and all the friends I've met. It's not just the students that have made my life at SAC a success but also the teachers. Whether it's Mr. Smith telling me to shave or Mr. Perrier bugging me about my social life, they've proven that my decision to attend SAC was a good one. Mr. Whitehead, thank you for being my academic advisor. You've always been there to hear my rants and raves. Thank you for knowing that the best thing for me was to let out some steam. Mr. Smith, I've been scared of you since the moment I was on U16 Football. Since then I have learned that your bark is worse than your bite. The school will not be the same after you retire. Mr. Perrier, what would I have done with myself without you? You've always managed to give me advice whether it was as a teacher, coach, housemaster or friend. Lastly I would like to thank my parents. Without them I might have missed out on the whole SAC experience altogether. They've always trusted my judgements and supported me in my endeavours. I can never repay you, thanks.

St Andrew's has changed my young life. After five years I feel confident and prepared for my future. For all the sacrifices and tireless support my parents have given me, I thank them with love and appreciation. As I head off in the field of social science thanks to those masters who have peaked my interest and fueled my growth, Mr. Swan, Mr. Sommerville, and Mr. Arril. I would like to thank all of my English teachers for my constant development, I have matured as a writer and literary critic. Playing sports at SAC was a major part of high school. So many finals, not enough titles but just playing with great guys was rewarding enough, thanks to all my team-mates and great coaches for the good times. Finally I want to thank Mr. Smith and all the staff at the college for maintaining all the heritage and tradition, for it is the little things that make the SAC experience so unforgettable. To all my close friends - good luck, I'll always remember the antics! From 1994 to 1999 SAC was more than a school, it was a way of life. Everything I have learned will stick with me and I will always be an Andrean!

Four years ago, my family gave me the opportunity to come to Canada for high school. However, my abundance of knowledge is not the only thing I discovered when I came here. I also found my second home. The teachers of SAC always bring me warmth which is important for a foreign student. I would like to say thank you to Mr. and Mrs. Perrier; they treat me as if I was their child and never gave up on me even though I always made mistakes. To learn how to get along with friends from different countries is a great experience at SAC. At least, my view and attitude to the world is different from my friends in Taiwan now. Four years of life at SAC is just one of the stations in my life and there is still a long way to go. I will be fine for sure in the next station, because SAC has prepared me and I have become stronger mentally and more independent than previously. In the end, I would like to say thank you to my parents. My parents are the greatest people in the world for me and I will still need their help for the rest of my life. I love you, my parents, and all the people at SAC.

I feel that I am very lucky. I have the chance to know about this school and then got in. The things I have learned here are invaluable. At first, I hated this school— No girls, a bunch of boarding rules, few friends and more importantly, I realized that this school is a battlefield: you have to succeed in order to "survive" in this school. Under this pressure, I worked very hard and tried to "survive". Now, I discovered that I have improved a tremendous amount in various aspects. I have become more mature. Furthermore, I realize that I have adopted the right attitude towards life. These are something that I can't learn anywhere else. I am equipped with all the things a high school student can ever possess. Also, St. Andrew's teaches me one thing: One does not live and work for his success; one tries his best to be a contributing member to his community and make himself useful. I would like to thank a number of people:Mr. Butcher for giving me the chance to try the physics olympiad questions which lead me to the provincial level; thanks to Mr. Clememts and Mr. McGee for teaching me musical knowledge. Thanks to Mr. Foy for taking care of me as a Housemaster and more importantly, thank you for accepting me into this school. I am proud to be an Andrean.

Four and a half years at SAC will be remembered as the best time in my life. It is amazing how fast time goes by. My first day at SAC does not seem that long ago. I never thought about leaving this place. All the experiences I have had at this place became a part of me. SAC is not just a place to study, it is a place where I learn how life is: respecting, friendship, sharing the happiness and sadness. I thank my parents who give me a such great opportunities. Supporting me not only in a financial way, but also trusting and believing in me. I thank all my friends who shared the best part of my life. I will miss all of you guys. Choi and Eric, they've been great years. I am really glad to meet such friends like you. Johnny and Yoshi, thanks for all your advise and help throughout my OAC years. All the guys in Flavelle house, it's been great. You guys taught me so many that that I do not need to know, especially Ernie and Stying. I also thank the teachers who taught me with great patience, especially to Mr. Smith, Mr. Perrier and Mr. Foy. I think it is time for me to move on to the next stage of my life. Ambiguous feelings fill up my heart with the comforting warmth of completion, change, and confidence and the bitter cold feelings of loss, insecurity, and loneliness. SAC has not only educated my mind with inspiring teachers but it has built my foundation. Dignity, strength, confidence, courage, and honour are just a few qualities I have acquired through SAC. I cannot imagine SAC without Mr. Smith. He is the heart, body, and soul of St. Andrew's. His constant crusade for excellence in everyone makes me proud to call myself an Andrean. My days at SAC would not have been as exciting if it weren't for Mr. Bedard's enthusiasm in sports. His humbleness is incomparable and his integrity is a diamond. I will try my best to follow in his footsteps. And lastly, Mr. Cameron. Our relationship goes beyond coach and player. We have experienced sorrow and joy together. If there is one person at SAC that changed me the most it would be Mr. Cameron. His good heart influences everyone around him. I cannot find anyone better to be my mentor. Mr. Cameron: thank you for all you have done for me. Thank you to all my friends who made school so fun and interesting. I would also like to thank my family for their continual love and support and their undying faith in me. Wow! Six years in SAC just flew past me without knowing it, not until I am told to type my grad comments. I found that SAC is the perfect place where one should finish their high school career. I never find myself bored to death, because there is just too much happening at school. After class, I have sports commitment, extra help from teachers, video, art, playing video games in boarders' room and all kind of interesting activities. I always wanted to get out of this place when I was in grade 10 and 12, but now I am going to miss this place. If there is a machine of some sort that can slow down time, I will be the first one to get that machine. I am proud of myself graduating during the school's centennial year and also graduating at the end of this millennium.

I have been at SAC for 6 years. During my first year, I had a hard time struggling through my homework. However, I got used to the amount of homework given by the school later on. There is a huge difference if I go to public school instead of SAC that is my entire life has changed. The best thing about this school is there are no girls and students can concentrate more in academics and sports. The large amount of extracurricular activities students must participate enable students to learn how to manage finishing their homework and studies in a short period of time. These skills will prepare us to go to university. Another advantage I have realized over the years in SAC is that students will build a closer relationship with their teachers. It is a very friendly relationship and this is mostly due to the sport programs. Teachers are willing to spend extra time with students and willing to help them out whenever students encounter a problem.

First of all I would like to thank everyone at St. Andrew's for making my three year stay such a wonderful experience. You have showed me light and gave me opportunities to do things which students in other schools have not dreamt of. SAC provides opportunities and friendship, I think these three years have been my most colourful years of schooling so far and the friends which I made here will be the ones that I will still have even when I am older. Just a quote from Mrs. Perrier, "Memorial house is an excellent house not because of the house, but the people that live in it." I would say the same for this school, it's the good staff and students that attend here that make it such an interesting place. It's the goodwill left behind by the present and past students and staff that has built the foundation for SAC. Hopefully I have not wasted time and effort. I would just like to thank all the countless number of teachers and students that I came in contact with and thank my parents for letting me make my choice of school.

I take pride in now saying that St. Andrew's has been a school and a home to me for 7 years. I came here a shy, quiet boy from North Bay. I was not quite sure of what to expect from this place, not sure if I would fit in, and not sure if I could keep up. Seven years later I'm leaving my school; it is actually quite frightening. I feel like that little boy again. However I believe I will overcome this when I take that trip down the driveway for the last time. Quit ye like men be strong. To my parents: thank you for the sacrifices and the opportunity to attend St.Andrew's. I will never be able to repay this great debt I owe to you. I understand what you have given up. I thank Mr.Foy. for always having been there for me through thick and thin. As a Housemaster you have made SAC a wonderful place to live. I feel lucky to have graduated in your last year. A special thanks to Mrs.Coley for all her support and help though the past few years. I'm not sure if I would have made it if were not for you. Last but not least to my friends: Well, we made it boys! I don't think I could ever grow as close to anyone as I have to you guys. We have grown up together, lived together, done everything as a whole. Nothing can break this bond. It is possible that we will lose touch due to distances, however you will always be my closest friends. **"Life I love you all is groovy" - Simon and Garfunkel**

My life in highschool has ended. What am I going to do next? I DON'T KNOW. The most vivid thing I remember about my five years here at SAC is the extracurricular activities. When I was a boarder I remember it was tough because I thought I didn't have a lot of privacy. Being a dayboy had a good and a bad side to it, the good side is you get to go back home and eat *real* food and then you don't have a set study time and you can go out to more places, otherwise life is confined in the area of the school in AURORA. The flip side of the day boy's life is that we start to lose contact with the people in the boarding houses. The person that helped me the most in my five years in SAC and is a great friend and taught me some Chemistry and gave me some good suggestions to what universities to go to is Mr. Smith. I would like to congratulate him on a job WELL DONE! I would like to thank my parents for their hard earned money which brought me to this school, where the classes are small, teachers are great and the equipment is excellent. **the MOK**

Wayne Moyer
House: Smith

A member of the 7 Year Club, it wasn't too difficult to see why Wayne was a member of 1st Basketball and 1st Volleyball. On top of this he is a pretty fair runner and had a great season with 1st Track. Wayne had numerous acceptances from various universities but has opted for the bright lights of Western as a student at King's College.

When I look back six years ago all I can see is a young boy who, did not know at the time, just made the best decision of his life. It's funny how just one person I have vague memories of influenced my life in so many ways and was the first to make it possible for me to come to such an elite school. Helen, wherever you may be - I am truly grateful. To my parents, Mr. Herder, and Mr. Bedard - all your hard work in making it possible for me to become an old boy of St. Andrew's has meant everything to me and definitely will not be forgotten. The teachers, coaches, and Housemasters (Foy, Hanson, Whitehead, Clements, Magee, P. Bedard, Scoular, Kinny, Halstead, Timms, Myrans) I couldn't have had better advisors in helping me become the individual I am today. However, what I'm going to miss the most, are the guys I grew up with. Yosh, if I get a roommate in University a tenth of what you have been I'll consider myself very fortunate. St. Andrew's has prepared me well for any intellectual or social obstacle I will face in the future. My journey has just begun. **"I now begin to see land" - Samuel Johnson**

7 years of a long stay at St.Andrew's College is something that you can't describe in a few paragraphs. First of all, I would like to thank two most important people in my life. My mother and father. Your support and encouragement has always lead me to the right way to succeed and none of these would have happened without you. Special thanks to Mrs. Hiltz who has supported me whenever I was struggling. There's no one else in the world who helped me as you did. Thanks to Mr. Hanson, Mr. Kimmerer, Mr. Giel, and Mr. Bedard for taking care of me while I was a resident, especially to Mr. Bedard who gave me an opportunity to be the Head of House (and giving me such a big room), and supported me for past 3 years at Sifton House. Great respect to Mr. Smith and Mr. Arril for helping me with University information, and finding the way to the bright future. Thanks to all the teachers who taught me this year, Mr. Perrier, Mr. Wenk, Mr. Scoular, Mr. Smith, and Mr. Kinney, and to all the teachers who taught me in previous years. Those who I've thanked all made me become a whole person, and it's going to influence my future life in many ways. I'm very glad that I was part of SAC for the past 7 years.

Mom and Dad: St. Andrew's is the best thing that ever happened to me. I am eternally in debt to you for the support you've given me in these nineteen years. You epitomize the term "SAC Roadie!" I love you both. Jamie: Good luck next year. Coach Cameron: You are an amazing coach and an even better man. I have matured immensely under your guidance. You have given me the opportunity to play at the next level. I won't let you down. Mr. Dunford and Mr. Galajda: One of the greatest moments of my life was beating UCC in triple OT that Saturday morning in Dryden. I will never forget what you taught me about not only hockey but also about being a leader and a good person Mrs. Perrier: You are the most unbelievable person I have ever met. I look at you as a second mother. Whenever you're hungry for some cookies, you know where to go! Mr. Smith: You deserve the utmost respect from anyone that has ever been associated with SAC. Good luck in your retirement. MacPhee: Thanks for being there during the hard times. Good luck at Acadia. Keep in touch! Wakefield: Thanks. I'll miss your antics and sense of humour. St. Andrew's is not an ordinary place...The first day in grade seven I would have given anything to go home, and now in my last days of OAC I find myself not wanting to leave. I love SAC for all the friends that I've made; I would like to thank my brother, sisters, and my parents for all the crap that they had to put up with over the years. Mark- you da man! You were there every time when I needed someone to lean on. Allison- you have shown me how to not let others get to me, to be independent, and not to follow the trend. Thank you for your help during the ruff times. Jennifer- you are my Zen and I cherish the connection I share with you. You and I have an unbreakable bond. If I could end up like you, I would be a lucky man. Dad- you try to nail into my head that work and play are different things and have to take place at different times. Someday I'll figure that out. Mom- I love you. You are the greatest Mom a kid could have. From the mad cheering on the sidelines, to nagging about time management , and most of all the love you give me every single day. I would also like to thank Tim Jackson '97. Also, special thanks must go to Mr. Kinney, the most honest man I have ever met, and to Mr. Smith who has been my mentor for the past seven years. I hope you both have a great retirement. You deserve it. -

The past two years here at St. Andrew's College have flown by. It seems like it was last week when I first stepped foot inside the school gates as a new boy. Now, I call this place home. St. Andrew's has taught me many lessons; in the classroom, on the sports field and in the boarding houses. With these lessons attained I feel I am now ready to move forward in life. I would like to thank all of the wonderful teachers who have devoted so much of their time and energy: Mr. Bedard for taking care of me as a housemaster and keeping me out of trouble, Mrs Perrier for always being there in time of need and Mr. Cameron for two great years of football. Thanks to all of the great friends I have met and had the best of times with: Joe, Duds, Neil, Mark, Phish, Alex, George, Tony, McPhee, Colin, Adam, Aaron, Pete and others, you know who you are. I am sure we will keep in touch over our future endeavors. Most of all I would like to thank my family: Mom and Dad for all of the support, love and most of all, the opportunity to study at such a place. I truly appreciate the sacrifices made to send me here. Brian, John and Francie, thanks for all your support during the years. I would not be where I am now without you. **"It is not the size of the dog in the fight, but the size of the fight in the dog"**

Thanks to my parents: they were always behind me and supporting me when I needed them. I couldn't image the number of vacation homes and cars we could have had if my parents decided against sending their four boys to the best school in the country. The time spent here is worth every penny. I would like to say thanks to Carrie. You made my life complete this past year! Dudley, thanks for taking all my smartass comments and even throwing some back. Goody and MacPhee , thanks for.....well, being you. Thanks Yosh for being the leader this grade needed and a man I would trust my life with. Taylor you were still the talk of the school! Christie, George, Styling, Phish, Joe, Paul even though I was not a boarder thanks for making me feel like one!! Tony, thanks for making this school that much more interesting.
I would like to thank Mr. Dunford. He turned me from a person who plays hockey into a hockey player! Thanks to Mr. Galajda for being a friend as well as a teacher. Mr. Swan, thanks for teaching me the game of rugby. Mr. Cameron you were an impact on my life. Your strength in life is an inspiration. Good luck to everyone in life.

In my years at St. Andrew's I have met a great many interesting people. I still remember my first day when I came to school and Sammy Rothwell showed me where everything was, what to do and when to do it. After the first day I was set and the experience only became better with time. The people I met here I hope to always keep in touch with. I had a great time with Thorne and Leon in Calculus, I don't think we did any work all year. The Team Action triad was notorious for the mid class nap and the drawings on our Team Action board. I will never forget Walden's English which was just one continuous comedy showcase. The experience can be summed up in one name, Mr. Smith. I will always be able to hear his yelling and that wil be one of the things I will miss next year. I guess the thing that I will miss most next year is the people. I wish them luck. It is hard to leave St. Andrew's, but it has to be done. Best of luck to all the graduates and next years' OAC class.

When I came to St. Andrew's College in grade eight, I had no idea what was ahead. As I reflect upon my six years at S.A.C, I realize how much I have changed. The school motto is "Quit Ye Like Men Be Strong". This motto could not be more accurate. I was a kid when I came to St. Andrew's College; physically and mentally. Although I now have the body of a man, the S.A.C community and spirit molded me into a man. St. Andrew's combined education, athletics and extra curricular activities into one unique package. S.A.C also taught me life skills that helped change me into a man. I learned to deal with sticky situations and I gained leadership skills among others. Most importantly, I learned how to get the most out of myself.

St. Andrew's College has been the most influential thing in my life. Now that my career at SAC is coming to an end, I feel like I am part of a community. I made a lot of friends at SAC who will always be there through university and into the real world. I'll never forget the Focus BBQs, the Homecoming Dances, the Formals and MacPherson tournaments. I'd like to thank my parents, you probably can't imagine how much I appreciate the efforts you've made to keep me here for seven years. Thanks: Mr. Timms, Mr. Smith, Mr. Arril. To Mrs. Pilieci and Ms. Marsh; thanks for your insight, advice, the phone and all those muffins. Mr. Scoular, Mr. Treasure and Mr. Ray, thanks for getting me involved in the SAC community. Wanki and Asad, don't let Focus and the Fall Play overwhelm you next year, Iain, have a great time in gr. 13, enjoy it while it lasts. **"Life is what happens while you are making other plans."- John Lennon**

It's finally over and finished. I remember my first day at school. It seems like yesterday. I never thought the time would come when I would actually graduate from here. All the hard work and stress finally paid off. I came to SAC as an immature boy, but I am proud to leave as a mature man. I have wonderful and sad memories, but no regrets. St. Andrew's has moulded me into a decent individual; finally I am prepared for the real world. Thank you. First...thanks to 'God' for guidance and protection and for looking after me when I was away from home. Thanks to the staff who have helped me over the years - you have done wonders. Mom and Dad, I love you. Thanks for your support these 3 years at SAC. Dad, I promise, no more 'high' phone bills! I can still remember my first night in Macdonald house. My roomates were Alvin, and Navin. It was a long night. In these five years, I have experienced so much. How can I let it by so quickly? The person that I would like to thank the most is Mrs. Perrier. Thank you for being there for me and trusting me, it's hard to thank you for all the things you have done for me, so I should just say, thanks for everything! Next is Mr. Perrier. Thank you for being my house master, my basketball coach, and my teacher. Thanks to Mr. Hanson. Thank you Mr. Arril. Thanks for taking the time to talk to me about universities, and fitting me into your busy scheule. Thank you Mr. Josselyn for giving a chance in the 1st B'ball team.Thank you Mr. Dominato, Mr. Giel, Mr. Cowell, and Mr. Robson for coaching me. Thank you Mrs. Robson. Thank you for caring. Wow, what a great time I had throughout these two years. I will always remember the first day, when I came to SAC and Mr. Cameron was there to make sure that my 'séjour' would be perfect. Merci beaucoup Michel pour tout ce que tu as fait pour moi. Tu étais plus qu'un coach de football… Also thanks to Mr. Foy, I will always remember the day you came to my old school and give us information about SAC. I guess you did a great job, because after that meeting with you, I went home and I knew from that point that SAC would become a big part of my life. Also, how can I forget the short stories you were telling us (the boarders). They were quite funny. Also, thank to Mrs. Perrier for the things you did for me, even though you were not my housemaster.

I love SAC, a lot. It is my second family. I am glad that my parents forced me to come to SAC when I was in grade nine. The big cross of the school crest, and memorable SAC experiences are tattooed on my heart permanently. I will never regret that I have spent five years of high school life at SAC. To my family, I would like to say that I really love you all; especially my Dad and Mom. Pat and Frances, you two are the ones I care about the most in the world. You two still have a long way to go, so keep up your good work and don't let it drift. First, thanks to Ming, the best roommate/ friend I ever had. Thanks also to Johnny,Danny,Suen, Penguin and Hans. To all my other good friends (Colin, Berts, Chester, Joey. C and Y, SK, Michael, Xing Xing brothers, Armand, Alan): GOOD LUCK. I WILL ALWAYS BE PROUD THAT I AM YOUR FRIEND!! Finally, I would like to thank all the teachers who have taught me academics or how to be a real man. Special thanks to Mr. Arril, for giving me a lot of important advice. Mr. and Mrs. Josselyn, I want to say an infinite number of thanks. I would like to thank all my House Masters who have been like parents at SAC. Mr. Foy, Mr. & Mrs. Perrier, Mr. Giel and Mr. Bedard. Friends, teachers, teammates, it is time now that we all go our separate ways. But inevitably, the bond of St. Andrew's will bring us back together sometime in the future. SAC will always be the one thing that we will have in common, no matter what may happen. Mom, Dad, Grandma, Grandpa, and the rest of the family, SAC was the best thing that could have happened to me; I thank you for your continued support and encouragement in any endeavour that I wanted to partake. Erik, I know that if you make the decision to come here, it will be the best that you ever make. Mr. Arril, thank you for your support and words of wisdom. Mr. Cameron and thank you for giving me a chance. Mr. Walden, thanks for your continual harassment about everything, without it I never would have achieved what I have, and I'd still probably have a beard too. Mr. Smith: thank you for always keeping a watch on me and everything that I did, and in honour of your retirement, I think I will retire my razor as well. Wakefield, thanks for being a true friend. Although we go our own ways next year, I know I'll see you at Western in the near future. Near, MacPhee and the rest of the boys, thanks for being good friends...just hanging out were some of the greatest times of my life here at SAC. This is for everyone here at SAC, even those already mentioned, thank you for making these five years of my life so memorable, it was a time that I will never in my life forget. **"If you're still thinking about something that you did yesterday, then you obviously haven't done much today" -**

The first year of my experience at SAC as a boarder, passed by as if it was 2 years. Thanks to Danny, Yeems, Drills, Yamazaki and Suen. Let's hope that our FRIENDSHIP STAYS FOREVER! As I progress on in SAC, my life was filled with more friends, Dai Chi Wai, SK, Joey Chan, Alan Lau, Chestor Lo, Hans Sham, etc. But, I won't forget my friends that had left SAC early, Alex, Keith and Jonathan, good luck. At SAC, I experienced both failures/successes and I was enriched with knowledge/wisdom. I will always remember and learn from my mistakes. Finally, I would like to thank the teachers Mr. Scoular, Mr. Tsioros, Mr. Swan, Mr. Shields, Mr. Rush, Mr. Giel, Mr. Cowell, Mr. Robson, Mrs. Robson, Mr. Kimmerer, Mr. Paolini, Mr. Kinney, Mr. Smith, Mr. Jones, Mr. Dunford, Mr. Josselyn, Mr. Galajda, Mr. Perrier, Mr. Myrans, Mr. Arril, Mr. Ray, Mr. Service and Mr. Halstead. I wish Mr. Smith and Mr. Kinney the best as they retire and leave SAC. I admire their contributions at SAC over these years. The most important of all, thanks dad for supporting me over the years to be educated in SAC, thanks mom for staying here in Toronto over the years just to take care of me and can I ever forget my brother and sister for their support, wisdom and encouragement? I came crying, and now I'm leaving the same way. When I first came to SAC I hated it. However, it didn't take me long to realize what a special place this really is. I can't put into words what it means to me to be an Andrean. All I can say is that at SAC I have found a sense of community, security, and unwavering friendship that can't be found anywhere else on earth. I would like to thank my friends for their support and all the good times we've shared: Wett, Khaz, Tuzi, Squeelah, Russ, Necks, Wayne, George McFly and Captain Mak (Team Action baby!!!), Leon (what will I do without you?), Palmer (so many memories !!), and Ben (my best friend, my brother). Thanks boys. I would also like to give a huge thank-you to Mrs. Pilieci and Ms. Marsh, whose glowing smiles (and muffins) always made my day brighter, and to all the staff (especially Mr. Kimmerer, Mr. Dominato, Mr. Galajda, and Mr. Smith), for their guidance and support through the years. Time flies when you're having fun! Five years come and go as if they are five days. Thank you to my parents who have given me an opportunity to be an Andrean. Thank you to Mr Foy, Mr. Hiltz, Mr Smith and Mr. Arril who have helped me along in my 5 years of SAC life. It's not easy to say good-bye to a place after 5 years. I'm happy to say that St. Andrew's has provided me lots of opportunity to try lots of different things, Although boarding is tough I would still choose to be a boarder at SAC because it has given me lots of true friends and five enjoyable happy years. I hope that all my friends get to see the following message: "Thank You" especially to Keith, Alvin, Benson, Danny, Garvin, Hans, Justin, Alan, Joeys, Armand, Colin, Wyn and Wyai…etc. You guys have given me lots of unforgettable memories.

Kent Tsui
House: Ramsey

Kent fast tracked this year. Last year he had the distinction of being the only Grade 11 student who was an officer in the Cadet Corps. This year he was the Deputy Cadet Commanding Officer and the success of this year's annual inspection is a testimonial to his attention to detail. In his spare time he did some fencing and sang in the choir. Next year he is studying Commerce at the University of Toronto.

Before coming to SAC I had heard from many people that you never forget your years at SAC, as they are some of the best. I totally agree with that, my first and last year at SAC was the most intense and memorable I've lived so far. I'm never going to forget the French Connection, (Sylvain, me, Mat Mallette and Soulié) how loud we were and how we pissed everyone off by speaking French at dinner table…etc. I laughed 24/7 with these guys, we really had the best of times.
I owe a huge thanks to Mr. Arril, Mr. Smith and Mrs. Bell who were very patient with my complicated situation with McGill. A special thanks for Dave of the kitchen staff who supplied the Frenchies (or the "Bandidos" as he like to call us) with extra food all year. Thanks also to all the other staff members and friends whom I have not mentioned but who made my year at SAC unforgettable. And of course to my parents who came up with the idea in the first place of sending me here and for their encouragement.

It's been a long journey.A little boy who entered SAC seven years ago, now leaves a man. To my Mom and Dad: thank you for all the support and love. These have been the best years of my life. Thanks to my three loving sisters who always came to my games and cheered me on (Katie I know it was for the other guys you liked on my teams). Mr. Smith: Your sense of humour and just the man that you are always made me feel special for having known you. Mr. Sommerville: Your confidence in me and your graciousness will never be forgotten as I move forward. Mr. Walden: Your jokes and your friendly nature always allowed me to feel as if you were really a good friend. Thank you for all your lessons on women and marriage; your constant attention towards me made me work harder. Mr. Robson: Thanks for all you've done for me, from Smith house to lacrosse. Mr. Myrans: Although you were a tough marker, and I sometimes disappointed you with my work, you have prepared me well for the future and I will always appreciate what you did for me and what you do for the school. Mr. Bedard/Mr. Fines: Although there were bumpy roads to cross, thank-you for having the confidence in me when others did not. I hope to be back to cheer TII hockey onto a CISAA championship one day. Mr. Cameron: For giving me the chance to play football at a high level and being a good friend as well as a magnificent coach. Jamie Talbot: Thanks for being a great friend and always supporting me. Dan Near: For always listening to my crazy theories and trusting me even when I did not trust myself. Dan Reid: For being a friend and a great team-mate on six hockey teams. Brian Hracs: I will think of you when the Redskins finally have a winning season.

My time at SAC has flown by. St. Andrew's has allowed me to totally engage myself in a positive environment where we are taught to learn, be it on the sports fields or in the classroom; these lessons will last forever. Thanks to my parents for giving me the opportunity to have the best education possible. A big thank you to my teachers. Thanks Mr. Smith for always willing to help me with anything I needed help with. Thanks to Mr. Tsioros for all the help with track. Thanks to Mr. Walden and Mr. Gaertner for allowing me to do both swimming and Nordic skiing in the same term. A big thanks to all the graduating class and to fellow Prefects (George, Sly, Ben, Chester, McPhee, Murdock, Near, Newts, Colin, Styles, Wett, and Yosh) for a great year. Now our time has come to move on. We are all going our separate ways, but the bonds we have built will last forever.

Seven years of an eighteen year existence has been a major part of my life and definitely the best. My first step on St. Andrew's soil was very tentative. What if I couldn't make friends? How strict are the teachers? Are the rumors true that they lock you in the basement with only bread and water for three days for incomplete homework assignments? Of course I soon found out that all of my worries were untrue and the best years of my life were ahead of me. The friends I made at SAC will in all honesty be friends for life. Dan, Wayne, Hodge, Palmer, Ben and Ben, Khaz, Al, Leon, Russ, Yosh, Bradley, Squeeler and Tuzi, have been my closest buddies, sorry if I forgot anyone, but I would like to thank you guys for making my life at SAC amazing. I hope we can keep in touch. Obviously this small write-up can't even come close to describing everything that has taken place. I would like to thank all my teachers at SAC, for all your support and advice throughout the years, you have all been great. I would also like to thank my parents for recommending SAC by letting me choose to come here. Well it has been a blast and I hope to see you all in the near future. **"If you really want to do something, you'll find a way; if you don't, you'll find an excuse."**

5 years ago, SAC was the first place I'd ever been in Canada, and I slept there in Mac house the first night. At the time I didn't know much English at all. I wanted to quit and go back to Taiwan. That thought didn't last long. The teachers here are so nice and always willing to help foreign students. Especially Mrs. Hiltz. She's the reason why I can survive here without much English background, the reason why I'm writing this grad comment today. Thank you so much. Thanks to my old housemaster Mr. Hanson. He's been really nice to me ever since the first day until the end of grade 9 when I was in Mac house. Thanks to Mr. Perrier for a very fine job as my housemaster for the past four years and my basketball coach for the last two years. Memorial house is the best house. Thanks to my art teacher Mr. Paolini. Thanks to Mrs. Perrier! Without her I wouldn't be able to wake up for chapel at all! Thanks to every teacher that has ever taught me here. 5 years at St. Andrew's passed quickly. SAC has been a stage that provided me skills of living and skills of communicating; a home providing me friends and life experience. Thank you Mr. Arril and Mr. Ray who introduced me public speaking and debating. I've gained a lot from these. Thanks to Mr. and Mrs. Perrier, you make me feel warm in Memorial. Mr. Myrans, thanks for coaching me for 4 years. Mr. Robson, without you, my dream (THE) would never exists, thx. Thank you Mr. Smith. You are the best! Thanks for all your advice. My special thanks to all my good friends here, without you great people, Suen would never exist! Ming, Ben, Ches, my pleasure of rooming with you, always my listener, we share everything man! Dan, Joe, Alan L, Justin,Hans, Garv, Johnny, SK, Colin, see you in China, the future is ours! Wyai, glad you learned Chinese! Thanks to mom and dad. I will never able to pay you back the money that you've given in my education, so I will just try to make you proud. Mom, I love you, please look after yourself when I'm not around. Dad, you are always in my heart, ever. Even though I will never able to see you again, I will always be proud of being your son. I love you dad. Finally, it comes to an end of the high-school life. Once again, thanks SAC.

Comment: In such a short time, I have grown to love the place more than I ever thought possible. When I first got here in Grade 9, I lacked a lot of confidence and I was completely confused, but I will be leaving this place with pride. Proud of surviving five years at SAC, proud of what I was able to accomplish here, and proud to be the person that I am today. The school has taught me how to work and play, to win and lose, to laugh and cry, but most of all, it has taught me how to deal with people. The biggest thanks goes out to my family, who had enough faith in me to send me across the world and gave me the freedom to grow up on my own. Without your support and love, I would have never made it. To the Wettlaufer family and the Murdock family, your hospitality and benevolence will always be remembered. To Mr. Foy, your intelligent insights into life and your advice on how to deal with people are the things that I will remember most about this place. To all my coaches, thank you for showing me how to be a winner and a gracious loser. To all the masters, you have taught me so much more than formulas and equations. To the administration and support staff, one of the best things about being the Head Prefect was that I had a chance to get to know you. Finally, to all my friends our times here together will be remembered forever. **If you think things that are small don't make a difference - try going to sleep with a mosquito in the room"**

SAC DRAMATIC ARTS PLAYERS PRESENT

A Midsummer's Night's Dream

St. Andrew's production of Shakespeare's enchanting comedy of magic, mistaken identity, reconciliation and self discovery was performed in the Ketchum auditorium during the evenings of November 11 to 14th.

Directed by Mr. Scoular and boasting costumes, choreography of dance and stage fights by talented professionals from Stratford, this play provided SAC students with a unique opportunity to experience stage craft first hand.

A fantastic & magical performance!

A Midsummer Night's Dream

From " Wassail Wassail" to "Amazing Grace" Andreans Unite in Peace & Harmony

CAROL SERVICE

Once every year Andreans past and present join in voice and heart to celebrate the beginning of the Christmas season with the Carol Service at St. Paul's Cathedral in Toronto. This St. Andrew's tradition demonstrates our warmth of spirit and provides an opportunity to share a bond of fellowship at this joyous time of year. The voices of choirs and congregation join together to sing traditional Christmas carols such as "The Dorset Carol" and "Masters in the Hall" and "Wassail, Wassail". The bagpipes and organ unite to the tune of "Amazing Grace".

This Centennial year's Carol Service was attended by families and friends who shared good fellowship and friendship and enjoyed the many musical and performance talents of St. Andrew's students. Brass and woodwind ensembles, violin, saxophone and keyboard solos and the voices of Prefects and school choirs made this Carol Service outstanding. The occasion also demonstrated the wonderful talents and energy of many faculty who helped our students produce such an outstanding and memorable performance.

A special thanks to Rev. Arril and to the SAC Music Department: Mr. Clements, Mr. McGee and Mr. Findlay as well as to the musical talents of Dr. Wenk, Mr. Foy, and Mr. McGillivray.

Goodie gets a blast away! Just one of the many that earned him MIP on the Saints' squad.

MacPherson Tournament '99

SAINTS Go for the gold and Win BIG!

The St. Andrew's College 16 annual MacPherson Hockey tournament provided showcase hockey at top-level for teams competing from both Canada and the United States. This year's tournament celebrated the hockey heritage at SAC going back to 1899. In recent years Andreans have won 3 OFSAA Ontario high school hockey championships: 1982, 1987 and 1993. Fans gathered to enjoy opening ceremonies and cheer the SAINTS to their second gold medal and fourth championship. SAC won against St. Charles' College. Congrats to all players & coaches Dunford & Galajda. The MacPherson is ours!

Coach Galajda watches intensely as the Saints take charge from the opening face-off.

Saints gather to congratulate another goal against their opponents in contrast to SAC's goaltender Ian Snider who let in only five goals during the entire tournament.

With fans going wild the SAINTS rejoice after putting another shot away to reign supreme!

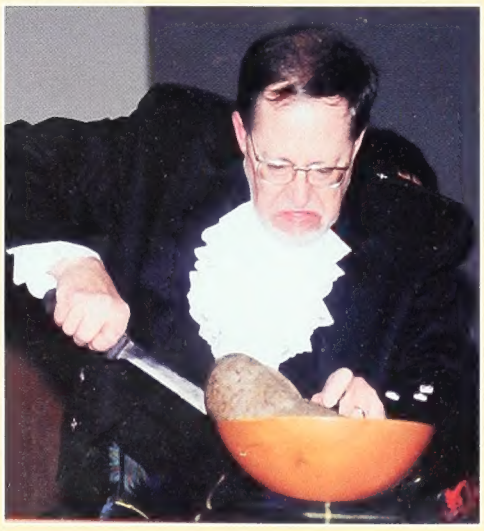
Haggis! And plenty to go around please.

St. Andrew's Night

No Andrean ever forgets his first taste of Haggis! This year there was plenty to go around. The haggis was piped in to loud acclaim and the feast began. This year the evening was hosted on two separate occasions; the festivities were enjoyed by Upper School and Middle School.

Of course, Mr. Ray gave his famous "Address to the Haggis" by Robert Burns at both dinners. Mr. Smith and Old boy Ian Howie served as stout and rustic haggis bearers. Headmaster Staunton presided at the Upper School head table while Mr. Whitehead did the honour of dispatching the haggis as it was presented to the Middle School head table. Highlights of the evening included well chosen remarks by returning old boys: Kirk Brierly and Gord Marshall.

The evening was replete with highland music splendidly provided by Mr. McGillivray. Clan colours and awards were presented and all those who have the name "Andrew" were honoured by being presented a token as is traditional custom at St. Andrew's Night's dinners. It was a fitting way to celebrate our school's patron and namesake.



EAT Ye Like Men! Be Strong!

The celebration of our proud Scots tradition is something that all Andreans remember about their experience at St. Andrew's College. The haggis is piped around the room as diners look at its 'fair, fa' and souncy face'. Later, everyone plunges in to enjoy its unique taste. It's part of the school's tradition that every new boy must try it. Most admit it is an acquired taste...but for some, there sometimes simply is not enough to go around!

The presentation of Clan awards and clan colours is a high point of the year and represents the significant achievements in sports and co-curricular activities. Congratulations to all award winners!

CISAA CHAMPS!

Great Season to Celebrate

An amazing season! Simply outstanding in regular play First football boasted a 6 - 0 record. The season spectacular was a Homecoming win against a powerful TCS team while the culminating game against UCC demonstrated how truly formidable this team was. This triumph guaranteed the squad a chance at the Metrobowl semi-finals on November 21, 1998. Fan support was awesome and the game was incredibly exciting with the Saints putting forth a super effort led by graduating players: Christie, Near, Dudley, Newton and MacPherson. The offence attacked with a dynamite duo of Sylvain Desrochers and Steve Amell. Although the team did not win in the Metrobowl, the CISAA triumph was a sweet victory and more than a perfect way to celebrate the Centennial year. Thanks to coaching staff for this stellar season: Messrs: Cameron, Rush, Shields, Butcher, Nichols and Mrs. Perrier.

U16 Football

The record doesn't tell the story. This team played with heart and determination and developed skills that will no doubt pay dividends in future years. A highlight of the season was a hard fought homecoming game against a formidable UCC team. Despite a heroic effort we were kept from victory but proved a difficult opposition indeed. The game was enjoyed by many fans who gave support and encouragement to the hard fighting Saints. Thanks to our coaches. We acknowledge the expertise and experience of our dedicated coaching staff of Messrs. Walden, Smith and Kinney who now after many years of coaching on the front lines at SAC will be heading for the sidelines. Thanks for your commitment and encouragement to countless young players.

First Soccer played 14 games in total and won every game and finished 1st in the CISAA holding the 'least goals against' record. In an exciting final game against an impressive Ridley College side, the Saints feared a loss in penalty shots. However, with goalie Adam Guy stopping 2 of 4 shots, the Bobby Bears went on to win the final game.

With the awesome power of Ian Sinclair, the amazing ball handling skills of Kevin Richards this side showed what Centennial Pride was all about. The time came together right from the start and there was no looking back until the cup was in their hands. Congratulations to coaches: Mr. Jones and Mr. Marshall and to Captain Yamato Yoshioka, MVP: Kevin Richards and MIP: Brian Chisholm.

Hosting the CISAA Championship this team defeated Crescent in the semi-finals and won a victory against Bayview Glen.

Hard work and dedicated efforts by Alex McNeil and Phillipe Dabo combined to make this a formidable squad. Top scorers: Chris MacFarlane, and Miguel Moises were great assets. Mitch Myers doubled as left wing and sometimes goalie while Jeff Johnston demonstrated great ability between the posts. Thanks to Ms. Picerno and Mr. Harper.

Front Row: Mr. Hanson, M. Bottomley, N. Dadson **(MVP)**, D. Nudds, J. Uribe, P. McGrath, D.Marvan, Mr. Ray
Middle Row: R.Roy, L.Santas, A.Bean **(MIP)**, F. Kane, M. Morin, A. Morodo
Back Row: M. Osio, J. Sordo, R. Wong, J. Leung

This team was exciting to watch. Lots of young talent that worked together with enthusiasm ... they played each match with spirit and drive. Dadson led the charge with nimble ball handling skills and the Mexican contingent kept our opponents' goalies constantly on their toes! The players learned valuable skills and enjoyed the thrill of the game. There were lots of outstanding efforts and with the talent and enthusiasm seen this year, it looks certain that SAC's soccer future will be bright. Thanks to coaches Hanson & Ray.

Centennial Saints: *OFSAA Silver medalists*

A power house of a team, First Hockey captured its **4th MacPherson Tournament championship** and earned its second consecutive gold medal. The Saints compiled a perfect 5 -0 record enroute to the tournament victory. Tournament MVP and SAC goalie Ian Snider let in only 5 goals for the tournament.

The game was enjoyed by St. Andrew's students, parents, old boys and friends who cheered the Saints on in an exciting finish against St. Charles in the Sunday final. Tournament all star, Brian Chisholm scored a power play goal to seal the victory.

SAC went on to compete for the OFSAA championship in Dryden over the March Break. In the round robin portion of the tournament First hockey downed opponents and went undefeated and qualified for the gold medal match after a goal was scored by Brian Chisholm in the 3rd period of overtime. Unfortunately, in an exciting final match with only 3 minutes left in the game, a St. Thomas player was able to put a shot in the net and St. Andrew's came away with the **OFSAA Silver medal**. The First team travelled to St. John's Newfoundland to participate in and **win** the **1st Confederation Cup**. In a fitting tribute to a wonderful Centennial season the Saints captured the title with a 6 - 0 win over Kennebacasis H.S. This was truly an amazing team and **an outstanding year for First Hockey.**

CISAA CHAMPIONS!

Wow! A spectacular season! The team won the CISAA Championship and eight members of the team went on to qualify at OFSSA. Dan Wells won the OFSSA 400 metre freestyle event and Ryan Devald won the OFSSA 100 Medley. The team also beat the 400 metre freestyle record set in 1992. Dan Wells (MVP) captained the team and the MIP award went to swimmer Steve Amell. Thanks to the graduating athletes who were dedicated swimmers throughout their SAC careers. Thanks to coaches Mr. Walden, Ms. Venters and Mr. Smith.

CISAA Champs!

1st Squash

Back to Back CISAA Champs! The dominance of this team was established from the start. Even the previous powerhouse Ridley fell before them. Only UCC could shatter the confidence. The trip to Montreal restored this.

Anchormen Leung, Hew, Brandham and Haque were ready to advance to victory. As predicted, Wyn Ron played Balls in the finals and Brandham played Haque in the finals and the outcome was soon over... Back to Back Championships! After months of discipline and hardships the trophy was again brought to SAC. In the end, Wyn Ron Cheong won, Brandham won and Alan Leung won. It was a fitting conclusion to an excellent season.

Congratulations to the team and to coach Cameron.

1998 - 1999 Grade 10 Review

This centennial year saw many new faces among the student body and as Grade 10 students our transition to upper school has not been an easy one. Many of us struggled at the beginning, fighting hard to adapt to the new environment. We eventually came through with support from teachers, parents and senior students. As we advance in our courses beyond Grade 10, our circle of friends will spread to the higher grades. We will have more opportunities to meet senior members of the school, and to get to know some younger students. This is a good thing because it helps the whole student body to tie together instead of each grade being isolated from one another.

In academics, we had one of the highest numbers of scholars in the school. Further more, in the Ladies' Guild Essay Contest, (the second largest competition after the cross-country run), four Grade 10 students were among the thirteen finalists. On the sports fields, many grade tens advanced to the first team level and played extremely well.

This centennial year was filled with many events and much excitement. It was surely the best year that I have ever had since I came here in grade 7. Best of luck to everyone moving on to Grade 11 next year!

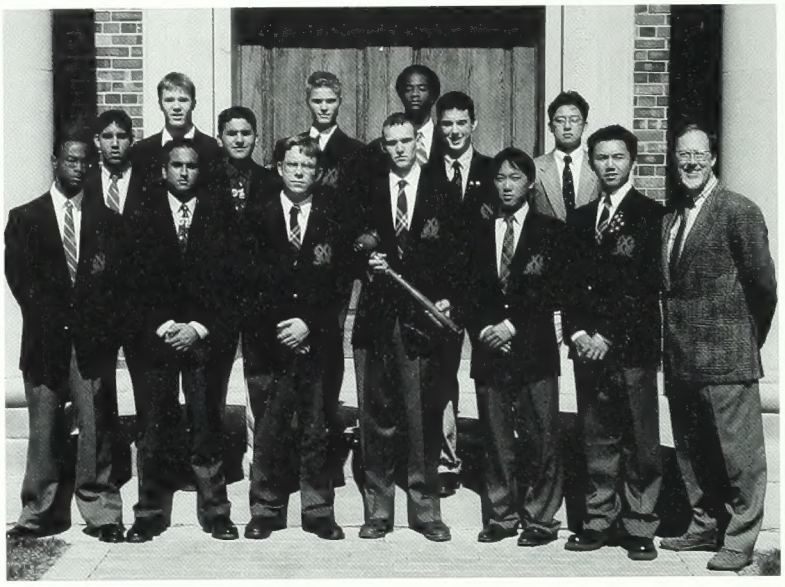
The Great Debate

SAC's Debating Program

This was another busy and productive year for the Debating Society, both for the members of the Junior and Senior groups. A number of our members matured significantly and recorded personal bests in the events in which we took part. We have a talented and enthusiastic collection of junior debaters who give us hope for the future. We continue to be active supporters of the **Ontario Student Debating Union**, hosting one regional tournament and sending one student and one teacher to the Provincials. **We carried the SAC standard once out of province to an international event in British Columbia and once out of country to do a tour of the schools of Bermuda**. These in a nutshell are the highlights of the year. Inevitably there were opportunities that eluded us and we were in need of more committed members at the senior end of the program. But all told we did the best we could with the talent we had and this article will touch on some of the salient features.



Every successful group needs at its core a dedicated executive and this year we were fortunate to have in **Gene Chiba and Russell Fraser** two loyal and experienced friends who shared the President's duties amicably between them. Assisting them were **Leslie Wong, Andrew Martin and Tejus Ajmera.** Expanding the central group we made regular use of Aladdin Diakun, Michael Craig, Asad Haque, Tatenda and Tapfuma Musewe. The next concentric circle of occasional involvement draws in Dustin Magee, Drewe MacIver, Derek Toms, Alexander Chow, Wan Ki Park, Wahid Amarshi, Zaki Thobani, John Knutton, Jack Popiel, and Jerome McGrath. On the fringes, but not as involved as we had hoped were Michael Richardson, Justin Williams, Alex Naghi and Hyun Do Kim. We'll need to get more mileage out of these two circles of people next year. Mention should also be made of **Nick Abraham** who worked with Mr Scoular to represent us in the Shakespeare on the Platform competition and to the four francophone students who worked with Mr Arril and Mr Fines to give us a presence in OSDU's French debate competition. They are **Simon Turcotte, Mathieu Malette, Sylvain Desrochers and Mathieu Soulie**. All are leaving us this year and we hope that others will come forward to try debate in French. You don't have to be a native French speaker to do bilingual debate, a category which requires the debater to demonstrate fluency in both of Canada's national languages.

Our unior program has lourished ecause of the eadership it as received in ecent years rom **Mr Arril, vith assistance his time from Dustin Magee and Mr Fyorchuk**. The first exciting levelopment took place over an extended Thanksgiving veekend when five of our intermediates accepted an nvitation to return the visit paid to us last spring by nembers of the Bermuda Debate Society. **Alex Chow, Aladdin Diakun, Drewe MacIver, Dustin Magee and Derek Toms** were excellent ambassadors and undertook strenuous schedule of six debates at six different chools around the island over three days. That plus two lays of rest and relaxation with their billet families made or an intense learning experience and a memorable short oliday rolled into one! Possibly our most personable nd colourful speaker on the trip was Drewe! Fast riendships sprung up and in late April we were favoured vith **a return visit from five young Bermudians** and heir two coaches, Mrs Beckles and Mrs Vartan, who tayed with the Sunderani, Toms, MacIver, Thobani and Timms families. Our thanks to Mrs Doris MacIver for all er help and to each of the host families for being so velcoming. Our guests were Sarita Ebbin, Erica Lipschulz, John McKenna, Stephanie Outerbridge and Andrew Stoneham. We packed in a lot of debating over our days and we even arranged for our friends to take art in **a new public speaking tournament in Bracebridge being sponsored by Rosseau Lake School** at which John received an award.

During he days that ve had the roup from the Bermuda Debate Society vith us about ifteen Andreans from ur junior rogram took art in the

activities that we had planned for our guests. Particularly involved and effective were **Ryan Hiscox, Ali Lakhani, Brian Lin, Alex McNabb and Mike Sunderani, who along with Mr Arril also took part in the Junior High Provincials at Ashbury College in Ottawa**. The remaining juniors in no particular order all of whom did one or two debates were: Jason Miller, David Charlebois, Michael Lin, Nick Tsioros, Justin Lorenzen, Othon Canales, Nick Dadson, Adam Shaw, Jonathan Kung, Zahir Thobani and Ryan Miller. Three boys, **Hussein Amarshi, Rob Ferguson and Patrick McGrath**, earned the right after in-class competition to represent us at the **Stirling Hall Speaking Contest**. This is a fine crop of talented young speakers from whom will come the leaders of our Debate Society in future years.

As always at the senior level we take part in several tournaments that we regard as our most important, including those that signify **our membership in the Fulford League, in OSDU and in the International Public Speaking League**. The latter tournament brought competitors **to Vancouver** from over fifty independent schools from a variety of countries. Mr Ray selected as our delegates **Tejus Ajmera, Aladdin Diakun and Andrew Martin** and they competed very creditably.

For OSDU we entered four of our best in the English regionals at St. Michael's College School: **Gene Chiba, Russell Fraser, Andrew Martin and Tat Musewe.** Mr Timms helped with their preparation and we were delighted when both Andrew and Russell earned the right to attend **the Provincials** which fell during our March Break in Chatham. It was disappointing that Gene did not have one of his best days in qualifying and that Russell was out of the province during the break and had to relinquish his place to an alternate. Last year Gene had been an alternate but sadly he was not called upon. That left **Andrew as our standard bearer accompanied by Mr Ray, who is a Director of OSDU, to travel on our behalf to Chatham and Tilbury** where the theme issue was the viability of alternative fuels. The bilingual tournament for the central region of Ontario we hosted at St. Andrew's with Mr. Arril doing most of the organization while Mr Ray was away with our Fulford team that same day. Incidentally when the team from U.T.S. arrived short a debater, **Drewe MacIver** courageously stepped in and did a commendable job enabling his partner to qualify for the Provincials.

Our quest for a respectable standing in the Fulford Cup standings never quite got off the ground this

team in the fall term tournament at Royal St. George's debated whether religion is an essential part of a secondary school education; it consisted of Gene Chiba, Justin Williams, **Tatenda and Tapfuma Musewe**. Justin dropped out because of play pressures, but Tat received a citation for being one of the best speakers of the day. The second Fulford took place in February at C.D.S. and dealt with whether progress has made today's youth complacent Our seniors were **Tejus Ajmera and Leslie Wong** who stepped in for Justin who was once again ineligible! The juniors were **Wahid Amarshi and Alex McNabb** and Wahid was our best speaker of the day. We had high hopes for the third term Fulford with both Russell and Andrew ready to go and riding high after their OSDU showing the previous term. Then the host school Lakefield had to change its original date for the tournament and moved instead to the day of our Cadet Inspection, making it impossible for us to take part. The fates seemed to conspire against us and we shall have to hope for better things **next year** even though we have the mixed blessing of not being able to enter **the first Fulford because we are hosting it at St. Andrew's!**

Each year we look forward with keen anticipation to the friendly rivalry we maintain with the Toronto French School and the competition to see who gets to hold onto **the Headmasters' Cup** for the following year. Russell Fraser and Tejus Ajmera took care of the afternoon leg and eked out a narrow victory on a split decision of the judges. In the morning Gene Chiba and Andrew Martin really rose to the occasion — certainly this was Gene's best debate of the year— and it was the consensus of the coaches from each school that the verdict might be unanimous. It was, but the internal judges seemed to have heard a different debate and surprised us with their verdict! **This was a cruel set-back, but it didn't prevent us remembering that the point of the day was to celebrate the good relationship between our two schools** and it was an added pleasure to renew our friendship with their coach Mr John Aimers. Enough of the disappointments. Lots of other good things happened during the year .

We entered teams in tournaments that were held at Bayview Glen, TFS, Ridley, Rosseau Lake and Crescent. Space doesn't permit mention to be made of each team member, but a number of performances stand out in my memory: **John Knutton at Ridley, Tapfuma Musewe at Crescent and Mike Craig at Rosseau** to name just three. Russell Fraser took it upon himself to bring about some of the **social debates** that we had during the year. We started with a visit from the girls of Glenlyon-Norfolk School in Victoria on the west coast; we maintained our usual good relationship with **Havergal and Holy Trinity** , and we received a touring side from Mount Allison University led by former SAC debate president, **Jonathan Hood**. Perhaps the happiest social fixtures we had were the home and home debates with **the girls of St. Mildred's-Lightbourn in Oakville**. Finding days that will work at both ends for social debates is never easy and we have several other schools with whom we should like to renew informal debate friendships next year.

The final event in the year was **the Churchill Medals Public Speaking Competition** at the University of Toronto into which we can enter just one person. This year our delegate was **Russell Fraser** and he delivered both a prepared speech on an assigned theme and an impromptu speech as well. Although he didn't make it into the medals of this distinguished annual event, Russell spoke very well and justified his choice on Prize Day as **the winner of the Brooks Cup as our best senior**. The Craig Leslie Prize for his valuable contribution in a variety of ways over the last couple of years went to **Leslie Wong. Aladdin Diakun** was the recipient of the Brian Mitchell Prize for his fine work at the intermediate level and **Drewe MacIver** was named our most valuable junior debater .

My thanks goes out to each one of you who took part in our activities this year. I hope that you sensed new confidence in your capacity to communicate and that you had fun at the same time. The invitation is out to all of you, whether you have taken part in the past or not, to join us at our Monday evening meetings and to seek out the chances to gain experience at all levels. **We need new blood and the opportunities are so many.** This year we were invited to events such as several university tournaments, but had to pass them up because we just didn't have the depth of talent in our membership to provide a team and to prepare. Next year presents new challenges — both Mr Arril and Mr Ray have taken on new assignments from the Headmaster which will mean that they have less time to do debating. Mr Timms and Mr Fyorchuk are not going to be with us, so it is crucial that other staff members respond to the Headmaster's invitation to become involved. The future looks bright, however, and already we have the nucleus of an executive in place which will be led by **incoming President, Andrew Martin.** And on Saturday November the 13th the other twenty Fulford schools will all be making their way to Aurora. I hope you will be there too to make this great day happen!

100 Years of Tradition at SAC: Keeping our Highland Heritage strong!

The feast of our patron saint falls on last day of November, and as has become our custom, we celebrated with two banquets several days apart for the two halfs of the school. At the Middle School occasion we were given a piping recital by our Headmaster's piper Andrew Douglas, an exceptionally talented young American who joined us this year to be a grade eight student. Of course we maintained all the usual traditions appropriate to this day. **Mr Ray** delivered Burns' "Address to a Haggis" and explained the meaning of this ritual for those new to the school. We presented clan colours to those who had earned them and all those fortunate enough to have an "Andrew" in their name received a two dollar coin. Sadly it has become almost impossible to obtain the silver dollars which we used to give, but no one seemed put out that inflation had increased the value of the token.

Guest speaker that evening was **Gordon Marshall** (Class of 1984) and a seven year man at SAC. Following his degree at Royal Rhodes Military College, he did a stint in Canada's armed forces and then entered business. At present he is Toronto branch manager for Ricoh, an innovative company in the field of computer imaging and document management. When Gordon got up to speak, he reflected how little he remembered of the speeches he had heard on days like this, whereupon he pleased the company by abandoning his prepared text and talking for a few moments off the cuff about what he remembered best about his Andrean experience. This included the term he spent at Fettes College in Edinburgh, Scotland — a program happily which our Headmaster has just this year renewed. Looking at the triad of academics, sports and leadership, Gordon reflected on integrity and the desire to learn and concluded, as have many before him, that at a place like St. Andrew's, you get out what you put in.

A few days later with the Upper School in attendance our guest speaker was **Kirk Brierly** who graduated in 1979 after a stay of five years, at a time when his home was in the Bahamas. After his degree in political science from Victoria College at U of T, he too found his way into the world of business where presently he is the Canadian National Training Manager for the Elizabeth Arden Company. Kirk was one of our best debaters in his days at the school and he reflected on the effect that this had on the development of his professional life where he has to use his speaking skills on a daily

basis. Kirk pointed out that taking up debating was good for the shy kid like himself, one of the ways in which you set the bar higher and find what you are capable of. Kirk looked at SAC as in some ways an island of civility, a place which allows you to listen to your instincts and to seek out your own special challenges.

That same evening at our banquet we were treated to a display of brilliant piping from our resident instructor, **Jim McGillivray,** one of the world's finest. This coming summer he will be drawing piping students, both adults and teens from a wide area, to our campus for an intensive camp experience in piping and drumming. During this same run of days St. Andrew's was also celebrating her centennial by means of a **Ceilidh** for former students and friends of the school at the Metro Convention Center. Both **Jim McGillivray and Andrew Douglas** contributed to this memorable evening of song and story and dance.

In the spring of the year we recognize the "clan fact" at an assembly in late May. On this occasion our guest of honour was **Chris Mantrop**, one of a family of brothers all of whom came to SAC. Chris graduated in 1989 after a stay of six years, whereupon he took a degree at Queen's University before trying his hand at journalism and world travel. I had invited him to join us for one of the fall banquets, but at that time he was making a return visit to Viet Nam, a country which has exerted an uncanny fascination for him. He is on the point of returning to university for another degree, this time in International Affairs. His dream is to become a professional creative writer and he has a novel in progress.

In his remarks Chris reflected on **four pieces of advice** which he received while he was student here. In none of them did he put a lot of stock at the time, but all have turned out to be true for him. Each he associated with a different member of staff who taught him and we were intrigued to find out what these lessons were. **From Geoff Smith**: Learn how to learn, let learning haunt you for your whole life. **From Peter Robinson**, well remembered as a teacher of history: Expand your "crony network"; the world is a big and lonely place if you are without support, so cultivate and remain in contact with your friends. **From Rupert Ray**: Your intelligence is of little value if you can't put the idea across, both on paper and on your feet. **From Peter Stuart**, former Assistant Headmaster and mathematician: Trust yourself in your search for job satisfaction. You have to be willing to break your back in order to get what you want, but you must also learn how to relax. Thank you Chris for your candour and good humour.

This year an unusually large number of students applied for and qualified to receive their Clan Colours at three different levels of distinction. Most prestigious of all were those who were entitled to wear **the Bar to First Class Colours**. Two senior students, **Yamato Yoshioka and Daniel Near**, were so honoured in November, and in May a further six received their bar edged in gold brocade from Mr. Smith and the Headmaster. They were: **Scott Murdock, Alan Leung, Russell Fraser, Ben Rogers, Leslie Wong and Daniel Wells**. These young men were exceptionally involved in giving leadership to the life of our school on all fronts and they were emblematic of our quest to honour the tradition of St. Andrew.

Clan Supremacy Revealed on Prize Day!

On the last day of the school year we made additional clan announcements and awards reflecting individual and group accomplishments during the year just completed. One such award is **the MacPherson Shield** which recognizes the member of our community — student or staff member — who by his or her presence brings added meaning to the clan system in the same way that the late Lloyd C. MacPherson did during his years at the school. For the first time this year a fine keeper accompanied this award, donated anonymously by an old boy who came a considerable distance from outside the country to be with us for our Centennial celebrations. The winner this year fulfils the intent of the award: a student from Buchanan Clan whose loyalty and enthusiasm reached out across the entire upper school, **Chester Lo**. His momento to keep was a beautiful "skean dubh", Gaelic for "highland dagger" and pronounced "ski-an-do". It is frequently worn along with the kilt tucked in the right sock.

Congratulations, Chester!

At the time I made this announcement I also wanted to pay tribute to two retiring housemasters, **Mr. Aubrey Foy of MacPherson Clan and Mr. Stuart Swan of Ramsey Clan** for all that they had done to foster clan spirit. After quite a few years of waiting, New House, the last to be created, finally received its own personal name and it was fitting that it became **Smith House in honour of Mr. Geoffrey R. Smith**, something of a legend in our time who chose this year to retire. This popular announcement was made during Highlanders' Homecoming Weekend in October.

Each year on Prize Day we recognize the clans who have emerged as supreme in friendly intramural competition. This time last year I entitled my article on this subject "The Changing of the Guard" because at both ends of the school major upsets took place. Once again the races were interesting and the outcome justifies another such title, perhaps "Return to Form".

An explanation is in order because no one clan ever excels on every front. In the Middle School the most academic clan was Bruce; the most athletic clan was Robertson; the most diversified clan in terms of extra-curricular activities was Douglas; **the top clan in Macdonald House and winner of the RJR Trophy was Wallace**, overtaking Montrose for the first time in several years.

It was the outcome of the Cross Country Run in October and the Track and Field Meet in May that probably were pivotal in determining the final victor. Both were **won by Robertson Clan** and the **Hockin Trophy** was presented to Steve Thompson on behalf of his fellow clansmen of Robertson. Last year Douglas led the pack; this year they had to settle for second.

In the Upper School the most academically distinguished clan was Leslie; the most athletic was Ramsey; the most diversified once again was Leslie; the best company at the Cadet Inspection was Buchanan. The winner of the Cross Country run was Ramsey followed by Leslie; **the winner of the Track and Field Meet was Stewart — a great victory for them** — followed by Ramsey, with Leslie at the back of the pack in fifth place. This may have made the difference because the race at the top was very close indeed. In third place for the Housser Trophy was Stewart Clan, edging out Buchanan for the first time in several years as top boarder clan. In second place was last year's victor, Leslie House or Smith Clan, and **back on top once again after a one year displacement was Ramsey Clan**. Dan Thorne received the Housser Trophy on behalf of his clan. That is what I meant by "Return to Form" for both Robertson and Ramsey.

The final clan announcement that comes late in the Prize Day ceremonies is the awarding of **the Macdonald Cup** to the one or sometimes two young men who in their last two years in the school have earned the most points for their clan. This is one of our most prestigious prizes and this year it was shared by two outstanding Andreans: **Dan Near of Ramsey Clan and Yamato Yoshioka of MacPherson Clan**. Their total involvement in the life of the school does great credit to them. I hope that each of you derived both pride and satisfaction from the clan system and the legacy of St. Andrew. In the words of that other great saint, **we are called to acquit ourselves like men, to be strong and to do all our deeds with love**.

DECA

Deca member Leslie Wong
represents SAC at Nationals in Orlando, Florida

This year the St. Andrew's College DECA Chapter developed a new sys tem. Instead as in previous years during which our DECA advisor, Mr. Giel, conducted the show, the the reins this year were in the hands of the DECA executives. The officers for this year were Vice President, Steve Chee, secretary, Leslie Wong, Benjamin Hew, Paul Henry, Ben Rogers and President, Alan Leung. Despite early predicaments, our executives handled all situations professionally due to Steve's effectiveness and Leslie's logic and reasoning.

The initial two goals that we set early in the year were to increase the number of members to the Provincials and to send someone to the Nationals. We more than doubled the number of members from last year and Leslie Wong glorified our Chapter by advancing to the Nationals which were held in Orlando, Florida.

Throughout the year the executives organized a concession stand during special events like the Fall Term play, school musicals and swim meets. Through these concession stands, we managed to accumulate a significant deposit which we intend to use on books that will prepare us better for future competitions. This project was a great success and no doubt it will be something that will be passed on to future DECA executives.

Thanks to all members and to our advisor Mr. Giel for a successful year.

Middle School students enjoyed a unique opportunity to learn new skills in an outdoor setting. Boys gained confidence and were challenged in many fun activities to develop independent & team skills. It was a great character building experience in a wonderful woodland setting. Thanks to staff and leaders who made the trip a very memorable one.

Centennial Cadets

Undoubtedly something special about St. Andrew's College is our proud Highland Cadet Corps. The stirring spectacles of the Church Parade and the May Cadet inspection are traditions that link us firmly to our past. For many boys and parents they provide the highlight to the year and attract a large and enthusiastic crowd of parents, old boys and friends of the school - Andreans all. The Church Parade took place on April 25 as the battalion marched down Mt. Pleasant to St. Paul's Anglican church. The Inspection was held on Saturday May 8, 1999 and was an unforgettable occasion as the Pipes & Drums along with the Military band put on an outstanding demonstration. Following the review by The Honourable Frank D. Moores (SAC '51) and presentations, a Centennial year march past of the College's Old Boys took place and all present assembled on the quad to sing the College hymns. The afternoon concluded with the taking of an aerial picture. The day was a fitting tribute to our Cadets of present and past and to our Centennial celebrations.

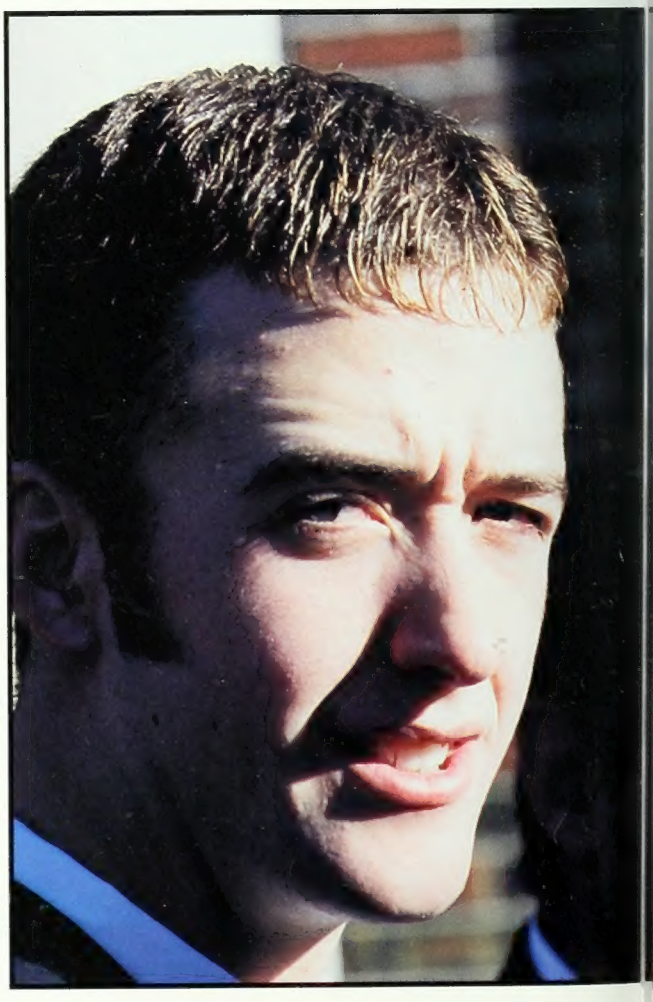
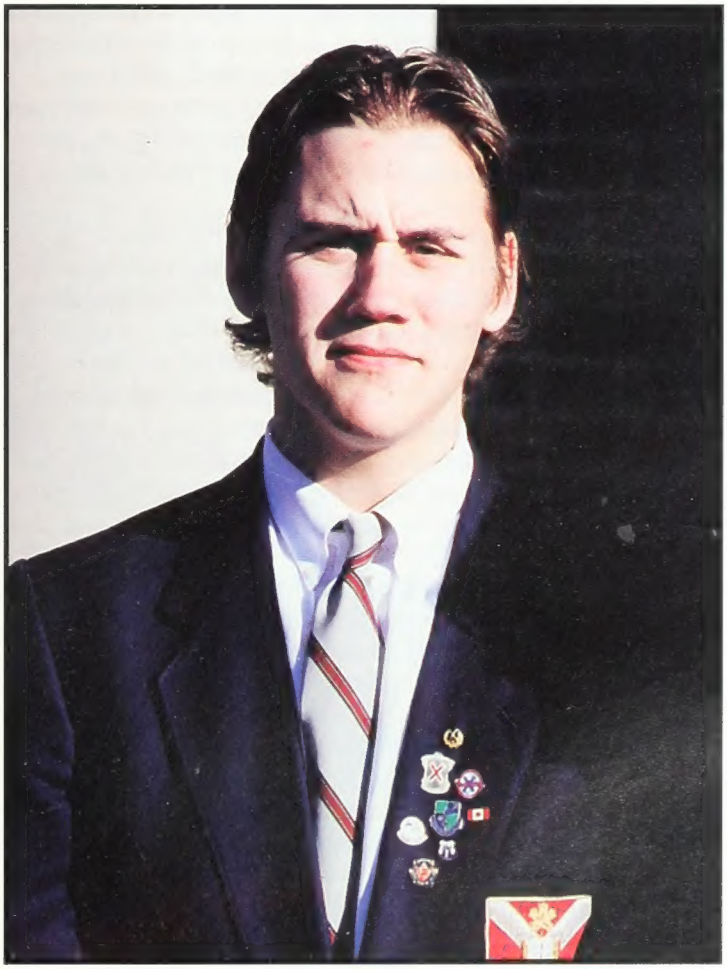
PRIZE DAY

100th

Celebrating a Century of Excellence

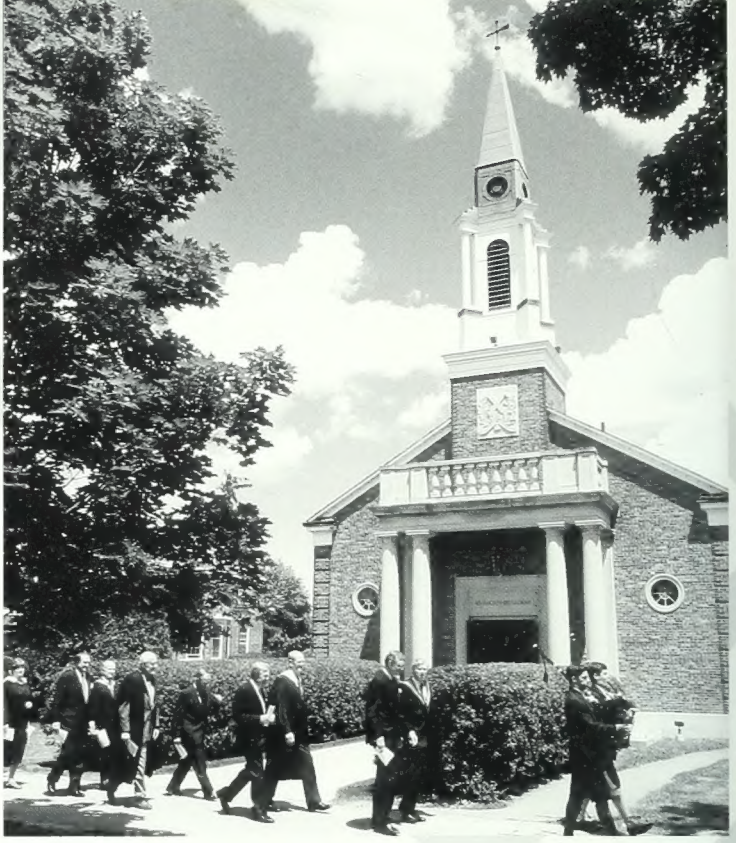
Our First Home - St. Andrew's College, Chestnut Park, Toronto





Headmaster's Address

PrizeDay
June 1999



Mr. Chairman, Mr. Scoular, Members of the Board of Governors, Members of the Faculty and Staff, Honoured Guests, Parents and Families of our Boys, Gentlemen of St. Andrew's College:

In June of 1899, the **Reverend Dr. George Bruce**, 3 months away from becoming the 1st headmaster of a new school in Toronto, called St. Andrew's College, arrived by horse-drawn carriage with his family at the gates of Sir James MacPherson's estate. The property was called 'Chestnut Park' and it was to be the site of the new school. Proceeding up the main driveway and then escorting his family up the front steps of the great house, he paused at the door and exclaimed, "Welcome to you all to our new home."

Those words are just about perfect today, 100 years later, and I am very proud and honoured as SAC's 7th Headmaster to welcome you to Prize Day, 1999.

Today marks the culmination of a fabulous Centennial Year; a year in which all SAC constituencies played a part. There is a term, Swahili in origin, frequently used by Kenyans and introduced to us by our Chaplain, the Reverend Bob Arril, after his trip to Africa. The term is MARAMBEE, and it means 'Pulling together'.
From this year's opening day piper-led school procession into Chapel, to the exciting Centennial Ceilidh, through to the festive Centennial Weekend in May, it has indeed been a community effort, with all Andreans pulling together.

To **Mr. John Housser**, Chair of SAC's Centennial Committee and **Mr. Ian Howey,** President of the SAC Association and the hundreds of volunteers who gave so freely of their time to make this year such a memorable one; thank you.

Special thanks are due, as well, to **Mrs. Nancy Near**, President of the Ladies Guild, her executive and the many Parent volunteers who played such a vital role in the overall success of the school year. The Ladies Guild recently donated over $40,000 to the College for use in a number of important areas. The faculty, staff and students are indebted to you all.

To the **Development Office team** consisting of Jim Herder, Michael Roy, Heather Ferguson, Edna Collins and Sandra Scott go our appreciation for their dedication to making our 100th anniversary the best that it could be.

SAC could not have hosted the special events that it did this year without the co-operation and extra effort of the **Kitchen Staff;** in particular, Mike Hillick, Ann Burdon and Chef Luigi.

I also wish to thank the Maintenance Crew, under the direction of Klaus Griese and the Property and Grounds Crew under the watchful eye of Rennie Van Dyk.

St. Andrew's is blessed with one of the best **Health Care Departments**, anywhere, and I would like to take this opportunity to thank the School Doctor, Dr. Jeremy Hall, and nurses Carol Rose-Kudelka, Susan Roncadin and Helen Younder for their attention the the medical needs of our students during this extremely hectic year.

In your presence, I would like to acknowledge the efforts of five individuals; the **Chairman of the Board, Mr. Brian Armstrong,** an Old Boy, a Governor for 23 years, and a former parent for his enduring interest and affection for St. Andrew's College; **my wife Jane** who has worked tirelessly behind the scenes on many school-related projects; **Mrs. Gayle Petri**, my indispensable assistant; **Mrs. Beth McKay** who balances so many school projects with ease and Ms. Angela Phillips who has had a challenging first year at SAC preparing us for the new 4 year curriculum.

Dunlap Hall has been much smoother than last year. Steve Amell has kept me well-supplied with hair spray; I no longer have to search for smokers; I leave that to Sergui Kostrikov. And I don't need to spend my time searching for boys who sleep through breakfast, chapel and first class. I delegate that responsibility to Aaron Styling.

I am also very thankful to my Asian friends in residence for teaching me how to make videos in the dark and I really want to thank the 'Class of '99 Prank Committee' for helping me get to know so many members of the York Regional Police on a first name basis.

Ladies and Gentlemen, it is the boys and the faculty who made the biggest difference in this our 100th year.

I am going to take the next few minutes to highlight some of the year's achievements;

Our scholars, athletes, actors, musicians, artists and debaters all need opportunities to shine and all deserve recognition.

I would like to begin by focussing on the academic accomplishments of the 1999 Graduating Class;

Out of a class of 80 students, 33 are ONTARIO SCHOLARS; 31 boys have been offered scholarships to Canadian universities. **Alan Lau, Albert Leung, Yamato Yoshioka and Ian Wu** won major entrance scholarships to the Universities of Toronto, Waterloo, Western, Ottawa and Carleton respectively.

Alex Christie, a lifer at SAC, and hearthrob to most of the females in York Region, has been accepted to the Law program at the University of Birmingham. George Brown will be wearing his SAC golf cap at Davidson University in North Carolina.

Rob Gray and Mark Gooderham were the only Canadian High School graduates to be accepted to the prestigious American Academy of Dramatic Arts and **Daniel Near and Leslie Wong** refused to be part of the brain drain to the United States, turning down offers to Notre Dame and John's Hopkins (Medicine) respectively.

Earlier in the month, we received the exciting news that **Alan Lau and Eric Park** were named 'Da Vinci' Scholars by the University of Toronto for their superb results on the highly competitive engineering tests. Alan placed 64th out of 2500 students nationwide and Eric finished 78th. Alan also placed 12th in Ontario in the Canadian Association of Physicists exam and was 1 of just 20 students who were invited to the International Olympiad in May.

In the Avogadro Chemistry competition, **Chris Chui** finished in the top 5% internationally. (Chris is in Grade 11 !!!)

Adrian Chan finished in the top 5% internationally in the Chemistry 13 competition.

70 Upper School students wrote 95 AP exams: in such subjects as Biology, Calculus, Chemistry, Environmental Science , French, Statistics and Studio Art: **Leslie Wong** wrote 4 AP 's. Results will be available in mid-August!

In the National Biology Competition, SAC had its best team standing since the inception of the tournament – finishing 13th out of 345 schools. **Ben Rogers** was our top student in the competition, finishing in the 99%ile or top 50 in Canada. For this achievement, he was awarded a National Biology Scholar Distinction Award. **Daniel Thorne and Leslie Wong** finished in the top 200 out of 5110 entries.

Our students' results in the National Math Competition is equally impressive. Our team of **Alan Lau, Joey Chan, Chris Chui, Ian Wu and Joey Weh** placed 16th out of 320 schools nationally.

We sent 4 students, **Steve Amell, Boris Kholodov, Ian Myrans and John Ngo** from the OAC Politics course to San Jose, Costa Rica in March to take part in a face to face simulation of the Organization of American States, organized and sponsored by Harvard University. Boris Kholodov received Honourable Mention for his participation in the Spanish language debates in the simulation of the Mexican Chamber of Deputies.

Blair Birkett, George Brown, Tony deCarli, Daniel Melville and Kevin Richards represented St. Andrew's in Ottawa in May at the Royal Commonwealth Society's National Student Commonwealth Tour, made up of students from across Canada.

Josh Lee and Greg Thompson attended the Encounters with Canada programme in Ottawa in April. They studied the processes of the Canadian Federal Government and specifically how Canadian foreign policy is made.

At this point in my remarks, while I am referring to academic achievement, I would like to pause and read a letter to you from the Right Honourable Jean Chretien, Prime Minister of Canada.

As Mr. Herder mentioned, he was to have been here today in order to present a scholarship in his name to the Canadian student with the highest score on our scholarship examinations. That student is here with us today, along with his family, after I finish reading the letter, I would ask that he come forward to accept a citation from the Prime Minister's Office.

Oliver and his twin brother, Ali, will enter Grade 12 in September.

The rich traditions of sport at SAC have not only been maintained, but enhanced by this year's athletes. Sporting Centennial crests on all first team jerseys, our First Football, Soccer, Swimming, Squash and Badminton teams won CISAA Championships. First Basketball came within a whisper of winning the championship after finishing 1st during the season.

First team Hockey gave their fans lots of exciting moments, including victories at the Macpherson Tournament, (for the second year in a row), the 1st Confederation Cup Tournament in St. John's, Nfld. And a silver medal at the OFSAA Tournament in Dryden, Ontario.

First Rugby qualified for OFSAA by winning York

and other York region team champions include the Badminton, Hockey, Nordic Skiing and Table Tennis teams.

CISAA tournament champions were U-13 & U-14 Soccer, U-15 Basketball, U-14 Badminton, Sr. Boys Track & Field, Jr. Boys Track & Field. This was also the year that **Dan Wells** won his 4th consecutive school X-country race – 1st time in the School's history - He also won the gold medal at OFSAA in swimming (400 m. freestyle) and a bronze medal for the 200 m. ind. Medley. Ryan Devald, also won a gold medal in swimming at OFSAA in the 100 m. ind. Medley.

This was also the year of the 'LAM SLAM', as the headlines in the local paper described it. **Sammy Lam** won the gold medal as the top Badminton player in Ontario for the 3rd year in a row.

In Drama, the fall production of "A Midsummer Night's Dream" was an extravaganza of epic proportions enjoyed by hundreds. We are still searching for an airplane hangar to store Mr. Scoular's famous tree. The entire cast, consisting of over 40 boys was sensational.

Mr. And Mrs. Clements are to be congratulated for directing a wonderfully entertaining rendition of THE FANTASTIKS. Our two 'Mathieus' , Soulie and Mallette were hilarious and the audience at the final performance exploded when Soulie discovered that he had performed the entire play with a huge split in the seat of his pants.

'FOCUS WEEK' this year was 'hmmm' – indescribable! 41 plays were performed allowing more boys, faculty, staff AND THEIR FAMILIES to be involved. Due to this exposure, Gord Richmond, Luigi and Alan Dunford are considering acting careers.

Our Musicians were also very busy this year, particularly during 'A Night of Recitals' in December when the SAC Choir, the School Bands and Ensembles, and our 'Piper Extraordinaire' Jim McGillivray performed for large, enthusiastic audiences.

Last, but not least, our debaters had an eventful year. Two boys qualified for the Debating Provincials in Chatham, Ontario – **Russell Fraser and Andrew Martin**. SAC hosted the Central Ontario regional tournament in French Debate and next year we will be hosting the Fulford Cup Tournament in November. At the junior level, we maintained our special relationship with the Bermuda Debate Society, sending a team of five debaters to the island to compete against six different schools. Their return visit to SAC occurred in April.

On this Prize Day, four veteran members of the faculty also graduate. Collectively, these individuals have given 128 years of dedicated service to St. Andrew's.

Doreen Hiltz

Last year, I announced that Mrs. Doreen Hiltz was celebrating her 25th year with the ESL Department at St. Andrew's. Her husband Fred, who is with us today, retired last year and it is MRS. Hiltz's turn! When Doreen started working at SAC in 1973, the ESL department numbered 'l' and the school had not had a lot of experience integrating new students into school life whose first language was not English. That considerable task fell on Doreen Hiltz, who, in a very calm, but deliberate manner went about familiarizing boys from other countries with the Canadian culture, life at St. Andrew's and the English language. The current strength of the ESL program at SAC is due to one person, Doreen Hiltz. She fought for what she believed in with firmness and dignity.
If you want to know what else is important to this fine person it is family, friends, community and music. Every Tuesday evening Doreen can be found in the Chapel rehearsing with the SAC Choir. We hope that she will continue, as her beautiful voice will be impossible to replace.

Doreen Hiltz will be remembered best as a "respecter of persons". She has made St. Andrew's a better place to study at, to teach at, and to live in. Please join me in wishing her a very happy retirement.

David Timms

Mr. David Timms joined the faculty of St. Andrew's College in 1965. With his wife Mary and their four children, they have been members of the SAC community for over 30 years. David has been an outstanding teacher of English, an inspiring department head for the past 17 years, a motivational tennis and squash coach, a committed housemaster, first of Fourth House and then of Flavelle, and a creative director of plays, both for Focus and for the Independent Schools Drama Festival. Perhaps his greatest accomplishment, however, was getting John Walden successfully through Grade 13 English.

David Timms is better known to his colleagues as 'Captain Acronym'. If you pass by his classroom, which by the way is vintage 19th century, you will hear comments like;

"DINNER" – You must understand it needs more DINNER. It must be rich with "DINNER"! (For the uninitiated DINNER refers to Details, Illustrations, Names, Numbers, Examples, References).
Or
When you write a chunk, you must use TOWER. Do you see? (Think, Organize, Write, Edit, Revise)

Thanks to David Timms' sets of indelible essay writing rules such as these, legions of SAC graduates have excelled in university and various careers. We thank David, in his capacity as department head for his guardianship of the English language across the curriculum and for his devotion to the college.
Please join me in bidding a fond farewell to David Timms.

Ron Kinney

In 1965, an eager, fresh-faced, graduate from Queen's University, driving a red Mustang convertible, drove through the gates of SAC and took up residence in Macdonald House. A gifted athlete, at home on any surface, particularly 'ice', Ronald Douglas Kinney was an immediate hit with the boys.

Dependable, dedicated, organized, knowledgeable, thorough, and professional are a few adjectives that come to mind to describe Ron Kinney. As a coach of Under 16 football or First hockey, or as a fitness consultant for basketball and rugby players, Ron always

thought of the boys welfare first. In the classroom, past and present students describe him as consistent and fair. His love for Biology and Physiology is well-known and OAC Physiology is one of the most popular courses at SAC. Ron was appointed Head of the Science Department in 1989. He had the challenging task of melding a group of scientists with diverse interests into an effective and focussed team. This challenge overcome, he always sought ways to improve the curriculum and encouraged his colleagues to take advantage of any professional development opportunities that came their way.

A dedicated family man, Ron, his wife Geneva and their two children Janice and Darren now prepare for life after teaching on a beautiful property in Brighton, Ontario. Please join me in wishing the Kinneys the very best of health and happiness in the future.

Geoff Smith

Recently, we placed an advertisement in the Globe & Mail for a key administrative position. The advertisement went like this:

"St. Andrew's College is seeking a dynamic, multi-faceted administrator who is willing to dedicate his life to the College, 24 hours a day for the next 35 years. Strengths should include:

- ability to ride a bicycle at dawn;
- ability to function in a small office cluttered with old computer parts;
- ability to eat while standing up;
- ability to verbally abuse students without striking them;
- ability to referee Rugby games, but only penalize other schools;
- ability to scan license plates from long distances after dark;
- ability to pick pieces of baseball caps out of the paper shredder.

Preference will be given to candidates who are:

- over 6'4" tall and wear size 13 shoes;
- have sufficient strength to sacrifice Grade 7 students to the Gods;
- able to answer to 'DAD'.

Not surprisingly, no one applied for the position. People must have realized that the 'shoes are just to big to fill. For 33 years this individual has served the College as Housemaster of Memorial House, teacher of Upper School Chemistry, Coach (Football, Basketball, Swimming, Rugby), Computer Network Manager, Librarian, Cadet Corps Commanding Officer, Assistant Headmaster (Student Services), University Advisor, Greeter of Opposing School Teams, and Chief of Protocol at St. Andrew's. Seven time winner of the Biafran Award, presented annually to the faculty of staff member who means the most to the graduating class, this individual was recently honoured by having a day-boy house named after him. The name of that house is Smith House and the name of the man who has done so much for St. Andrew's for more than a quarter century is Geoffrey R. Smith.

This August Geoff travels to Lanciano, Italy, to assume the position of Deputy Headmaster at Canadian College Italy. **Ginny**, his devoted wife for 33 years, will join him in December, after she finishes cleaning his office! Arrivaderce, Geoff and Ginny. Thanks for everything!!

After two years at SAC with the Modern Languages Department, **Mr. Joel Fines** is leaving to accept a position at Bishop's College School in Lennoxville, Quebec. We thank him for his work coaching the Under 15 Soccer team and the Tier 2 Hockey team and wish him and his family well in La Belle Province.

We also say goodbye today to both Resident Dons, **Mr. Christopher Kemp and Mr. Steven McKell.** They have had a busy year teaching, coaching and supervising Flavelle House and Macdonald House respectively. We wish them all the best in their future endeavours.

Dr. Jeremy Hall, the School Doctor since 1984 is leaving St. Andrew's to concentrate on private practice. Can you imagine the number of sore throats that he has examined over the past 15 years. The school community is very appreciative of Dr. Hall's attention to the aches and pains of our students and we thank him sincerely.

Mr. Andrew Fuyarchuk has accepted a position at Seneca College next year. We thank him for his work with the Social Sciences Department and wish him well in the future.

Finally, we say goodbye to both of our Gap students **Shane Quinn from Australia and David Kenyon from Britain**.
Shane will be continuing his Gap year at Rosseau Lake College

in September and then returning to Adelaide for university while David returns to Britain shortly to attend to further studies. I hope that they have enjoyed living and working at SAC. We have certainly appreciated their efforts tutoring and coaching the boys. Best of luck to both of you.

From all reports, **Owen Jones**, a grade 10 exchange student from Westminster School in Adelaide, Australia had a very productive final term at SAC. We wish him a safe passage home. Stay in touch Owen. Alan Lalani, who we 'exchanged' for Owen has had an equally exciting experience boarding at Westminster and returns to Canada in mid-July.

Next year, three of our grade 10 boys, **Michael Lin, Patrick Samson-Doel and Derrek Toms** will take part in a three month student exchange with boys from France, Spain and Belgium. Watch 'The Highlander' for further developments in this area.

If the idea behind a Headmaster's report is to highlight the year, it would be a crime not to mention the work and character of the **Head Prefect, Yamato Yoshioka**. The NY Mets have their pitching ace 'Yoshi', but he can't match the all-round contribution of our 'Yoshi'. I think every boy at the school is a little better off for having known him. He has won everyone's friendship and everyone's respect. This is not easy to do. Working with him and the rest of our very capable Centennial Year Prefects has been the highlight of my year.

I am pleased to announce several important appointments for our 101st academic year; **Mr. Aubrey Foy**, assumes the position of Director of Admission after 17 years roaming the corridors of Flavelle House. Mr. Foy and his family will be moving to Holland Landing this month and **Mr. Courtenay Shrimpton** from Lower Canada College in Montreal takes over as Housemaster of Flavelle.

Mr. John Walden has been appointed Director of Student Life. John is a graduate of St. Andrew's and knows well the shenanigans to which boys are prone. He will be responsible for the social, and personal welfare of each student, overseeing both the quality of residential life and all aspects of discipline.

Mr. Michael Hanson has been appointed Head of Science. **Mr. Rupert Ray** assumes the position of Head of English.

Mr. David Galajda succeeds Mr. Swan as Housemaster of Ramsay House.

Mr. John Stephens assumes command of the #142 St. Andrew's College Cadet Corps with Mr. Brian McCue in the position of Deputy Commanding Officer, a full-time staff member assisting.

Looking to the future, a busy summer lies ahead as the **Towers Library Renovation Project** gets underway. Thank you to everyone who contributed to this Centennial Project. A $300,000 goal was exceeded weeks ago and we stand today at close to $450,000. **Memorial House** will be completely renovated from slate roof to basement; a new Guidance Office to better

serve our students will be created in the one remaining classroom in Dunlap Hall.

We have initiated numerous exciting Summer Programs. **Mr. Galajda** will take several students to Alberta and B.C. to track grizzlies and dig for dinosaurs as part of a 4 week Ministry approved OAC Biology credit program.

Jim McGillivray, SAC's World Class Piper will instruct 65 piping hopefuls for two weeks. The Ontario School of Piping at St. Andrew's is Jim's brainchild. If you live close by, listen for the wonderful sounds in early July.

Mrs. Shannon Josselyn who will join the faculty next year will oversee a 3 week ESL Program at St. Andrew's this summer.

I have some final thoughts to address to the graduating class. The ancient Romans had a word **AEQUANIMITAS**, which summed up a quality of life which they valued. Freely translated, it means 'balance'. Keep your balance. Keep your head, even though there will be many about you who lose theirs. The first year student who places too much emphasis on the social side of university life or the athletic side will soon be in for a rude shock, and he certainly won't derive benefit from the time he spends there. But neither will the book-worm who spends all his time in the library or the confines of his room. Aequanimitas is one of the keys to success at university; indeed, it is one of the keys to success in life.

Good-bye and good luck to you all.

Acknowledgements

Although much may be said about this book and its production, much is best left unsaid. Subtext is all. Suffice it to say that this **Centennial Review**'s strength is its magnificent pictures that so evocatively capture the spirit of St. Andrew's College. Afterall, people - students, masters, staff, parents and friends- Andreans all! - and their myriad relationships with each other during this unique time and in this magical place are at the heart of this yearbook. May these pages evoke many wonderful memories of a Centennial year that was so special to us. It was a year made rich through our many accomplishments and by the celebration of our many traditions. Enjoy these pages and always Review this wonderful year with pride.

Many thanks to my fellow photographers: Mr. Taskey, Mrs. L. Wilkes, Mr. Herder, Ms. Venters, Ms. Picerno, Mr. Jones, Mr. Ryan, and Mr. Whitehead. Thanks to Headmaster Staunton, the SAC community, and colleagues for unbounded patience and support. Thanks to Mrs. E. Collins, Mrs. M. Mix, Ms. N. Maa, Mr. K. Ryan, Mr. R. Ray and Jostens' rep. Mr. V. Russell for all their assistance. Thanks to the yearbook class; in particular John Lyons (scanning) and Victor Ip (cover production). Special thanks to Mrs. Pilieci and Ms. Marsh. Very special thanks to Mr. Lu Taskey whose friendship, support and professional assistance ultimately contributed to the success of the book. - **S.R. Treasure**
